AGENDA MEMORANDUM

Meeting Date: August 10, 2026

To: The Honorable Mayor Walter Fajet and Members of the City Council

Via: J.C. Jimenez, City Manager

From: Albert Sandoval, Chief of Police

Subject: Automated External Defibrillators (AEDs) for Police

Recommendation: Recommendation by the Police Department that Council approve an expenditure to General Medical Devices Inc. Companies, in an amount not to exceed $48,825.00 the purchase of forty-five (45) LIFEPAK Automated External Defibrillators (AEDs), the best responsible quote after obtaining three written quotes (attached), pursuant to Section §31.11 (C)(2) of the City Code. Funding for this purchase will be derived from Speed Zone Camera Program funds, as funds were approved in the FY 25/26 Budget.

Discussion/Analysis: Many of the Miami Springs Police Department's existing AEDs have reached the end of their manufacturer-recommended service life and require replacement to ensure continued reliability, operational readiness, and compliance with manufacturer guidelines. Replacing these units will help maintain dependable emergency medical equipment throughout the Department.

As first responders, Miami Springs Police officers respond to medical emergencies on a daily basis, making AEDs an essential piece of life-saving equipment. These devices play a critical role in improving survival outcomes during sudden cardiac emergencies by allowing officers to provide immediate care prior to the arrival of fire rescue personnel. Replacing the Department's aging AEDs will ensure our personnel remain equipped to provide timely and effective emergency medical assistance to the residents and visitors of the City of Miami Springs.

Fiscal Impact: The total cost for the purchase of forty-five (45) LIFEPAK Automated External Defibrillators (AEDs) is $48,825.00. Funding for this purchase will be derived from Speed Zone Camera Program funds. These funds are specifically designated to support law enforcement initiatives, including equipment, technology, and programs that enhance public safety and operational effectiveness. See attached the General Medical Devices Inc. Companies Quotation (113184).

Subject: Consulting agreement for procurement

Discussion:

During the current fiscal year, the City actively recruited for both a purchasing coordinator and a procurement manager position. The terms of the agreement will be $100 per hour, for a total amount not to exceed $50,000, based on a maximum of 500 hours performed in a twelve-month period.

Recommendation:

The Administration requests approval of the consulting agreement to continue with ongoing specific procurement needs.

AGENDA MEMORANDUM

Meeting Date: 8/10/2026

To: The Honorable Mayor Walter Fajet and Members of the City Council

Via: JC Jimenez, City Manager

From: Juan Pena, Public Works Director

Subject: Recommendation to approve amendment to Professional Services Agreement with WSB, LLC. (formally AE Engineering Inc.), via RFQ 06-22/23 for Construction Engineering and Inspection (CEI) Services for the Oakwood Drive and East Drive Stormwater and Roadway Improvements Project

RECOMMENDATION: Recommendation that Council approve an amendment increasing purchase order in the amount not exceed $23,625.00 for the provision of Construction Engineering and Inspection (CEI) Services for the Oakwood Drive and East Drive Stormwater and Roadway Improvement Project pursuant to Request for Qualifications No. 06-22/23 approved by Council on 10/24/23 Resolution No. 2023-4133.

DISCUSSION: On May 4, 2023, the City advertised in the Daily Business Review, on our City's website, and also on Demand Star (Onvia) RFQ No. 06-22/23 (the "RFQ") for CEI Services (the "Services") for the Oakwood Drive and East Drive Stormwater and Roadway Improvement Project (the "Project"). The City notified 331 firms via DemandStar and 12 firms via email of the opportunity to respond and 22 firms downloaded the RFQ from DemandStar. On May 9, 2023, seven individuals attended a Mandatory Pre-Bid conference and on May 24, 2023, the City received six responses to the RFQ.

On June 6, 2023, the City held a Selection Committee evaluation meeting. During this meeting, responses were reviewed and evaluated by a Selection Committee comprised of Juan D. Garcia, Deputy City Clerk with the City of Miami Springs; Jose L. Lopez, Sr. Associate-Director of Environmental Engineering; and Lizette Fuentes, Assistant Public Works Director. The Selection Committee ranked the six firms that responded to the RFQ. Out of these, three (3) firms were short-listed based on the evaluation criteria. The committee deemed it suitable to exercise their right to request presentations from the highest-ranked firms in the City's best interest. Presentations were held on June 13, 2023, and AE Engineering, Inc. was considered the highest-ranked and most qualified respondent, with Gannett Fleming, Inc. and R.J. Behar & Company, Inc. as the second and third-ranked firms, respectively.

On September 20, 2023, the City Selection Committee, together with the Town's Consultant, Bermello, Ajamil & Partners, Inc., met with WSB, LLC. (formally AE Engineering, Inc.) and negotiated an hourly fee schedule and an Agreement for the provision of the Services for the Project in an amount not to exceed $569,547.

On February 5, 2025, Council approved an increase to the current purchase order in the amount of $79,373.25 to successfully complete the closeout phase of this project and maintain compliance with all necessary standards.

As we progressed through the closeout phase of the project, several ongoing and newly identified challenges were actively addressed. These included, but were not limited to:

- Relocation of the proposed pump station
- Reconfiguration and construction of parking bays along Stafford Park
- Coordination of an Easement Agreement with Royal Poinciana Residences
- Placement of a thicker asphalt lift along Oakwood Drive
- Adjustments to existing utilities
- Replacement of the WASD water main

During the course of construction, the project experienced delays due to the challenges described above, which postponed the continuation of the project. These unforeseen circumstances extended the construction schedule beyond the original contract duration and required additional Construction Engineering and Inspection (CEI) services to maintain proper project oversight. The Miami-Dade County Water and Sewer Department (WASD) has since completed the required water main improvements, allowing activation of the stormwater system and successful completion of all required testing. In addition, AE Engineering, Inc. has issued the Letter of Final Acceptance for the project.

The requested increase to the existing purchase order is necessary to compensate AE Engineering, Inc. for the additional professional services required as a result of the extended project duration. Approval of this request will ensure continuity of CEI services through final project closeout and allow the City to close out the project in accordance with all applicable contractual and regulatory requirements.

Funding for these activities will come from Stormwater Reserves.

AGENDA MEMORANDUM

Meeting Date: 8/10/2026

To: The Honorable Mayor Walter Fajet and Members of the City Council

Via: JC Jimenez, City Manager

From: Juan Pena, Public Works Director

Subject: Request for increase to current Purchase Order to Roadway Construction for the Oakwood Drive and East Drive Stormwater Improvements Project

---

RECOMMENDATION: Recommendation by staff to approve a change order to Roadway Construction, LLC (the "Contractor") in the amount of $20,790.00, utilizing available Stormwater reserves through the Oakwood Drive and East Drive Stormwater Improvements Project contract for the installation of sod at the construction staging area located at Stafford Park.

DISCUSSION: The City's primary objective for the Oakwood Drive and East Drive Stormwater Improvements Project is to upgrade infrastructure along the East Drive and Oakwood Drive corridors, with a strong emphasis on improving drainage and flood management systems. The project is designed to enhance the corridor to safely accommodate pedestrians, cyclists, and vehicles while also constructing a roundabout at the intersection of East Drive and Oakwood Drive.

During construction, Stafford Park was utilized as a staging area for equipment, materials, and project operations necessary to facilitate construction activities. Upon completion of the project, the City requested that the disturbed areas within the staging location be restored to their original condition while incorporating that will enhance the overall functionality of Stafford Park by increasing the amount of usable public space available to residents and visitors. The improvements will provide a more attractive and accessible area that was not available prior to the project.

The requested change order in the amount of $20,790.00 will utilize available project contingency funds through Stormwater reserves.

AGENDA MEMORANDUM

Meeting Date: 8/10/2026

To: The Honorable Mayor Walter Fajet and Members of the City Council

Via: J.C. Jimenez, City Manager

From: Juan Pena, Public Works Director

Subject: Purchase Order Increase – Distreebutors, LLC

RECOMMENDATION: Recommendation by Public Works that Council approves an increase to the existing open purchase order #260619 to Distreebutors, Inc, utilizing Miami Dade County Contract No.: RTQ-02029: Plant Materials and Tree Services (attached), for the remainder of their contract term, including any extensions through 05/31/2027,in an amount not to exceed $28,183.00, for tree trimming, as funds were budgeted in the F/Y 25/26 Budget pursuant to Section §31.11 (E) (5) of the City Code

DISCUSSION: On January 26, 2026, the City Council approved a purchase order in the amount of $25,000. Upon completion of the initial work order the Department would like to move forward with additional tree trimming services. The requested increase to the existing purchase order is necessary to provide additional citywide tree trimming services to maintain the City's urban tree canopy. Due to the continued growth of the City's trees and the need for routine maintenance, the current purchase order balance is insufficient to address the remaining scheduled work. Increasing the purchase order will allow the City to continue proactive tree trimming to improve tree health, maintain proper clearances over roadways and sidewalks, enhance public safety, and reduce the risk of damage from falling limbs during severe weather events. This additional funding will ensure uninterrupted tree maintenance services throughout the remainder of the contract term and support the City's commitment to preserving a safe, healthy, and well-maintained urban forest.

AGENDA MEMORANDUM

Meeting Date: 8/10/2026

To: The Honorable Mayor Walter Fajet and Members of the City Council

Via: J.C. Jimenez, City Manager

From: Juan Pena, Public Works Director

Subject: Purchase Order Increase – SFM Services, Inc

RECOMMENDATION: Recommendation by Public Works that Council approves an increase to the existing open purchase order #260620 to SFM Services, Inc, utilizing Broward County Public Schools (attached), for the remainder of their contract term, including any extensions through 12/15/2028, in an amount not to exceed $25,000 for tree trimming, as funds were budgeted in the F/Y 25/26 Budget pursuant to Section §31.11 (E) (5) of the City Code

DISCUSSION: On January 26, 2026, the City Council approved a purchase order in the amount of $25,000. Upon completion of the initial work order the Department would like to move forward with additional tree trimming services in the amount of $25,000 not to exceed a total of $50,000. The requested increase to the existing purchase order is necessary to provide additional citywide tree trimming services to maintain the City's urban tree canopy. Due to the continued growth of the City's trees and the need for routine maintenance, the current purchase order balance is insufficient to address the remaining scheduled work. Increasing the purchase order will allow the City to continue proactive tree trimming to improve tree health, maintain proper clearances over roadways and sidewalks, enhance public safety, and reduce the risk of damage from falling limbs during severe weather events. This additional funding will ensure uninterrupted tree maintenance services throughout the remainder of the contract term and support the City's commitment to preserving a safe, healthy, and well-maintained urban forest.

- Evaluate whether small, minority, and women's businesses are potential sources,
- Place those qualified small and minority businesses and women's business enterprises on solicitation lists, and
- Search the Small Business Administration, Minority Business Development Agency, and Labor Surplus Area reports for additional potential sources.

Bidders self-certify in the Qualifications Packet whether they meet the state and federal definitions of a small business, minority-owned small business, women-owned small business enterprise, and disadvantaged business.

1.17 ANTI-DISCRIMINATION, E-VERIFY, AND ANTI-HUMAN TRAFFICKING REQUIREMENTS

The Bidder certifies that they are in compliance as applicable by federal or state law with the non-discrimination clause contained in Section 202, Executive Order 11246, as amended by Executive Order 11375, relative to equal employment opportunity for all persons without regard to race, color, religion, sex or national origin.

The Vendor shall comply with and perform all applicable provisions of Section 448.095, *Florida Statutes*. The Vendor shall register with and use the United States Department of Homeland Security's E-Verify system to verify the work authorization status of all newly hired employees. The FSA CPP, or purchaser, may terminate this Agreement immediately for cause if there is a good faith belief that the Vendor has knowingly violated Section 448.091, *Florida Statutes*.

If the Vendor anticipates entering into agreements with a subcontractor for the services and/or work contemplated under this Agreement, the Vendor will not enter into the subcontractor agreement without first receiving an affidavit from the subcontractor regarding compliance with Section 448.095, *Florida Statutes*, and stating that the subcontractor does not employ, contract with, or subcontract with an unauthorized alien. The Vendor shall maintain a copy of such affidavit for the duration of the agreement and provide a copy to the FSA CPP, or purchaser, upon request.

In the event that the FSA CPP, or purchaser, has a good faith belief that a subcontractor has knowingly violated Section 448.095, *Florida Statutes*, but the Vendor has otherwise complied with its obligations hereunder, the FSA CPP, or purchaser, shall promptly notify the Vendor. The Vendor agrees to immediately terminate the agreement with the subcontractor upon notice from the FSA CPP or purchaser. Further, absent such notification from the FSA CPP or purchaser, the Vendor or any subcontractor who has a good faith belief that a person or entity with which it is contracting has knowingly violated Section 448.09(1), *Florida Statutes*, shall promptly terminate its agreement with such person or entity.

By entering into this Contract, the Vendor represents that no public employer has terminated a contract with the Vendor under Section 448.095(5)(c), *Florida Statutes*, within the year immediately preceding the date of this Contract.

The Vendor certifies, by acceptance of this Contract, that neither it nor its principals utilize coercion for labor or services as defined in Section 787.06, *Florida Statutes*. The Vendor agrees to execute an affidavit in a form satisfactory to FSA CPP or the purchaser in compliance with Section 787.06(13), *Florida Statutes*.

1.18 BEST COMMERCIAL PRACTICES

The apparent silence or omission of any description from the specifications shall be regarded as meaning that only the best commercial practices, size, and design are to be used. All workmanship is to be first quality. All interpretations of FSA Base Specifications shall be upon the basis of this statement.

1.19 PUBLIC ENTITY CRIMES ("PEC") AND SCRUTINIZED COMPANIES STATEMENTS

In accordance with the Public Entity Crimes Act, Section 287.133, *Florida Statutes*, a person or affiliate who has been placed on the convicted vendor list, maintained by the State of Florida Department of Management Services following a conviction for public entity crimes, may not submit a bid on a contract to provide any goods or services to a public entity, may not submit a bid on a contract with a public entity for the construction or repair of a public building or public work, may not submit bids on leases of real property to a public entity, may not be awarded or perform work as a vendor, supplier, sub-vendor, or consultant under a contract with a public entity, and may not transact business with any public entity in excess of the threshold amount provided in Section 287.017, *Florida Statutes*, for CATEGORY TWO for a period of 36 months from the date of being placed on the convicted vendor list.

In accordance with Section 287.135, *Florida Statutes*, Bidder certifies that neither it nor any of its officers, directors, executives, partners, shareholders, members, or agents is on the Scrutinized Companies with Activities in Sudan List, the Scrutinized Companies with Activities in the Iran Terrorism Sectors List, or the Scrutinized Companies that Boycott Israel List created pursuant to Sections 215.4725 and 215.473, *Florida Statutes*, and in the event such status changes, Bidder and/or Vendor, if status changes after award, shall immediately notify FSA CPP and/or the purchaser. If Bidder and/or Vendor, if applicable after award, is found to have submitted a false statement, has been placed on the Scrutinized Companies with Activities in Sudan List, the Scrutinized Companies with Activities in the Iran Terrorism Sectors List, or has been engaged in business operations in Cuba or Syria, or is now or in the future on the Scrutinized Companies that Boycott Israel List, or engaged in a boycott of Israel, the FSA CPP may immediately terminate this Contract.

1.20 TAX EXEMPTION

Purchasers making a purchase pursuant to the awarded bid are generally exempt from Federal Excise and State Sales Tax. It is the responsibility of the Vendor to verify that the purchaser is exempt by obtaining the purchaser's Federal Excise and State Taxes and Use Certificate Number.

The Florida Sheriffs Association is a 501(c)3 organization and is exempt from all Federal Excise and State Taxes. The FSA State Sales Tax and Use Certificate Number is 85-8012646919C-3.

- FSA Base Specifications
- Bidder Instructions

1.22 COMMUNICATIONS

Communications between a Bidder, lobbyist or consultant and FSA are limited to matters of process or procedure and shall be made in writing to the FSA CPP Staff.

Bidders should not rely on representations, statements, or explanations other than those made in this Invitation to Bid or in any written addendum to this Invitation to Bid, and no oral representations, statements, or explanations shall be deemed to bind the FSA or Eligible Users.

1.23 CLARIFICATION AND ADDENDA

Any questions or clarifications concerning the Invitation to Bid shall be submitted to FSA CPP by e-mail to CPP@flsheriffs.org with the bid title and number referenced on all correspondence. Final questions must be received by the date for Request for Clarification stated on the Bid Calendar. Questions and answers will be posted to the FSA CPP website on the date indicated on the Bid Calendar. Questions received during the cone of silence date listed on the bid calendar will not be addressed, except as provided herein.

Interpretation of the specifications or any solicitation documents will **not** be made to the Bidder verbally, and if any verbal clarifications are provided, they are without legal effect. FSA CPP will make every attempt to e-mail updates to registered Bidders. However, posting to the FSA CPP website or the Bid System constitutes proper notice of addenda.

The FSA CPP shall issue a formal addendum if substantial changes that impact the submission of bids are required. Any such addenda shall be binding on the Bidder and shall become a part of the solicitation document. In the event of conflict with the original specifications, addenda shall govern to the extent specified. Subsequent formal addenda, if any, shall govern over prior formal addenda only to the extent specified. The FSA will not be responsible for any explanation or interpretation made verbally or in writing except those made through the posting of a formal addendum.

The bid submission constitutes acknowledgment of addenda to the FSA Base Specifications. Bids that fail to account for the specification addenda shall be determined to be nonresponsive; however, the FSA CPP may waive this requirement when in its best interest.

After the start of the Contract term, FSA CPP will notify all Vendors of any addenda and will require acknowledgement of the new terms and conditions. If the Vendor does not agree to the new terms and conditions, the Vendor's award can be removed or replaced by another Vendor or qualified responsive bidder.

1.24 SIGNED BID CONSIDERED AN OFFER

The signed bid shall be considered an offer on the part of the Bidder, which offer shall be deemed accepted upon approval by the FSA CPP. The bid submission must be signed by an authorized representative. Submission of a bid in the FSA CPP Bid System constitutes a signed bid for purposes of bid evaluation. An electronic signature may be used and shall have the same force and effect as a written signature.

1.25 ASSIGNMENT OF CONTRACT

No right or interest in this contract may be assigned, transferred, conveyed, sublet or otherwise disposed of, without prior written consent of the FSA CPP.

If the original Vendor sells or transfers all assets or the entire portion of the assets used to perform this Contract, a successor-in-interest must perform all obligations under this Contract. FSA CPP reserves the right to reject the acquiring entity as Vendor. A change of name agreement will not change the contractual obligations of the Vendor.

In the event a Manufacturer reassigns the product line to an alternate company, the Vendor is required to notify the FSA CPP in writing of the change within 10 business days of the reassignment. If the Vendor is not already an approved FSA CPP Vendor, the alternate company is required to submit a Qualifications Packet to the FSA CPP to become an approved Vendor *prior to* conducting any qualified sales. FSA CPP may approve such assignments of existing or new vendors at its discretion. The Vendor is required to honor the contract pricing and all of the applicable Terms and Conditions throughout the remaining term of the Contract.

1.26 TERMINATION OF PRODUCT LINE

If a Vendor terminates a product line (Manufacturer or model), the Vendor is required to notify the FSA CPP within 10 business days of the decision not to retain the product line. FSA CPP may remove the terminated products from the Contract. In the event of a termination of a product line (Manufacturer or brand), the purchaser shall compensate the Vendor in accordance with the Contract for all goods delivered by the Vendor prior to termination, net of any costs incurred by the purchaser and FSA as a consequence of the termination.

1.27 DEMONSTRATION OF COMPETENCY

Bidders must be able to demonstrate a good record of performance for a reasonable period of time, and have sufficient financial support, equipment and organization to ensure they can satisfactorily execute the services if awarded a Contract under the Terms and Conditions herein stated.

The terms "equipment" and "organization" as used herein shall be construed to mean a fully equipped and well-established company in line with the best business practices in the industry and as determined by the FSA CPP.

The FSA CPP may consider any evidence available and may require submission of supporting documentation regarding the financial, technical and other qualifications and abilities of a Bidder, including past performance with the FSA CPP, in making the award.

FSA CPP may inspect the Bidder's facility prior to the award of a Contract. Bids will only be considered from firms which are regularly engaged in the business of providing the goods or services described in this Invitation to Bid.

1.28 VENDOR ABILITY TO PERFORM

The FSA CPP may require Bidders to show proof that they have been designated as authorized representatives of a Manufacturer or supplier, which is the actual source of supply. In these instances, the FSA CPP may also require information from the source of supply regarding the quality, packaging and characteristics of the products. Any conflicts between this material information provided by the source of supply and the information contained in the bid submission may render the bid nonresponsive.

During the Contract term, FSA CPP may review the Vendor's record of performance and may require submission of supporting documentation to ensure that the Vendor is providing sufficient financial support, equipment and organization.

If the FSA CPP determines that the Vendor no longer possesses the financial support, equipment and organization in order to comply with this section, FSA has the authority to immediately terminate the Contract.

By responding to this Invitation to Bid, the Bidder warrants that, to the best of his or her knowledge, there is no pending or threatened action, proceeding, or investigation, or any other legal or financial condition, that would in any way prohibit, restrain, or diminish the Bidder's ability to satisfy the obligations of a resulting contract. The Bidder warrants that neither it nor any affiliate is currently on the convicted vendor list maintained pursuant to Section 287.133, *Florida Statutes*, or on any similar list maintained by any other state or the federal government. The Bidder, by responding to this Invitation to Bid, acknowledges and warrants that, if selected, Bidder (Being then consider a "Vendor") shall immediately notify the FSA CPP and purchaser in writing if its ability to perform is compromised in any manner during the term of the Contract.

1.29 FINANCIAL RESPONSIBILITY

Bidder affirms by the submission of the bid and by signature on the Contract Signature Form that the Bidder:

- Has fully read and understands the scope, nature, and quality of work to be performed or the services to be rendered under this Invitation to Bid and has adequate facilities and personnel to fulfill such requirements.
- Accepts the financial responsibility associated with this bid and declares that they have the access to capital (in the form of liquidity or credit lines) in order to meet the financial demands of such award.
- Has assessed the financial responsibility required to serve the Contract as bid, including such details as the obligations to perform all items bid, zones bid, and quantities that could be ordered, as well as timing of payment from purchasers, which can be 45 calendar days from receipt of invoice.

1.30 QUALITY AND SAFETY

All materials used for the manufacture or construction of any supplies, materials or equipment covered by this bid shall be new. The items bid must be new, the latest model, of the best quality, and highest-grade workmanship that meet or exceed federal safety standards.

Items requiring certification should require certification of options in cases where non-certified options could result in the decertification of the original product or warranty. In all cases where options are not certified, the Bidder (or, if after award, the Vendor) must disclose to the end user that the non-certified options are not required to be certified. All options must meet or exceed federal safety standards.

1.31 NONCONFORMANCE

Items may be tested for conformance with specifications. Items delivered that do not conform to specifications may be rejected and returned at the Vendor's expense.

Any violation of these stipulations may also result in:

- Vendor's name being removed from the awarded vendor list.
- FSA and purchasers being advised not to do business with Vendor.

1.32 GRATUITIES

Bidders shall not offer any gratuities, favors, or anything of monetary value to any official, employee, or agent of the FSA, for the purpose of influencing consideration of this bid. Bidders shall disclose in writing any conflicts of interest to FSA prior to any award, or as soon as practicable after learning of any such conflict, including any contractual or employment relationships with FSA or potential purchasers of Bidder's products or services.

1.33 TIE BIDS

FSA CPP has the right to award multiple Bidders the primary or alternate award in the event of a tie. In the event the FSA CPP desires to break tie bids, and businesses have qualifying drug-free work programs, the award will be made using the following criteria, in order:

- Bidder within the State of Florida; and if none, then
- Vendors' performance record with purchasers; and if none, then
- Coin Toss.

1.34 RIGHT TO AUDIT

Vendor shall establish and maintain a reasonable accounting system that enables FSA CPP to readily identify Vendor's sales. FSA CPP and its authorized representatives shall have the right to audit and to make copies of all related records pertaining to this Contract, including all government sales and eligible user information, whether kept by or under the control of the Vendor, including, but not limited to those kept by its employees, agents, assignees, successors, sub-vendors, or third-party suppliers in whatever form they may be kept – written or electronic. Such records shall include, but not be limited to:

- Accounting records, including but not limited to Purchase Orders, confirmation of orders or invoices, paid vouchers, cancelled checks, deposit slips, ledgers, and bank statements;
- Written policies and procedures;
- Subcontract files (including proposals of successful and unsuccessful Bidders, bid recaps, etc.);
- Original estimates, quotes, or work sheets;
- Contract amendments and change order files;
- Insurance documents; or
- Memoranda or correspondence.

Vendor shall maintain such records during the term of this Contract and for a period of three (3) years after the completion of this Contract or for such period of time as is required for retaining public records pursuant to Florida law. At the Vendor's expense and upon written notice from FSA CPP, the Vendor shall provide such records for inspection and audit by FSA CPP and its authorized representatives. Such records shall be made available to FSA CPP during normal business hours within three (3) business days of receipt of the written notice. FSA CPP may select the Vendor's place of business or offsite location for the audit. The FSA CPP may also request the Vendor provide requested records via e-mail.

Vendor shall ensure FSA has these rights with Vendor's employees, agents, assignees, successors, and third-party suppliers, and the obligations of these rights shall be explicitly included in any subcontracts or agreements formed between the Vendor and any sub-vendors to the extent that those subcontracts or agreements relate to fulfillment of the Vendor's obligations to FSA or purchaser(s).

Professional fees, personnel costs and travel costs incurred by FSA under its authority to audit and not addressed elsewhere will be the responsibility of the FSA. However, if the audit identifies underreporting, overpricing or overcharges (of any nature) by the Vendor to FSA or a purchaser in excess of three percent (3%) of the total Contract billings, the Vendor shall reimburse FSA for the total costs of the audit not to exceed $5,000. If the audit discovers substantive findings related to fraud, misrepresentation, or non-performance, FSA may recoup all the costs of the audit work from the Vendor.

Any adjustments or payments that must be made as a result of any such audit or inspection of the Vendor's invoices or records shall be made within a reasonable amount of time (not to exceed 60 calendar days) from presentation of FSA's findings to Vendor.

FSA has the right to assess damages or seek reimbursements or refunds based on audit results.

1.35 LICENSES AND PERMITS

The Bidder shall obtain and pay for all licenses, permits and inspection fees for this bid submission and any resulting contract. Where Vendors are required to enter or go onto FSA or purchaser property to deliver materials or perform work or services as a result of a bid award, the Vendor will assume the full duty, obligation and expense of obtaining all necessary licenses, permits and insurance.

The Bidder must, by the time of award, be actively registered to do business in the State of Florida on SunBiz.gov.

1.36 PERFORMANCE BONDS

Purchasers may request a performance bond from a Vendor. Performance bonds are recommended with pre-payment and will be at the expense of the requesting agency. Purchasers should determine the best practice in comparing performance bond expense against any prior discounts that may be available.

1.37 ELIMINATION FROM CONSIDERATION

This Invitation to Bid shall not be awarded to any person or Bidder who has outstanding debts to the FSA, whether in relation to current or previous bid awards or for other business purposes.

1.38 INDEPENDENT PREPARATION

A Bidder shall not, directly or indirectly, collude, consult, communicate or agree with any other Bidder as to any matter related to the bid each is submitting. Additionally, a Bidder shall not induce any other Bidder to modify, withdraw, submit, or not submit a bid.

Bidders and Vendors who are found to have engaged in these acts will be considered nonresponsive and will be suspended or barred from bid participation. Any contract award resulting from these acts may be terminated for default. Further, any such acts detected by the FSA may be reported to relevant law enforcement and/or prosecutorial agencies.

Bidders may submit multiple bids without violating this provision if the bid submitted is not from the same Manufacturer and product line. Dealers that share the same ownership may submit multiple bids without violating this provision if the Bidders are not in the same region featuring the same Manufacturer and product line.

1.39 DEFAULT

In case of default on the part of Vendor, the FSA CPP may take necessary steps to otherwise procure the products sought, including but not limited to procuring the products or services from the next highest ranked Bidder or from other sources. A defaulting Vendor may be held liable for costs incurred by the FSA in procuring replacement products.

1.40 PROTESTS AND ARBITRATION

Any person who is adversely affected by the decision or intended decision to award shall file a "Notice of Protest" in writing to the FSA CPP within three (3) business days after the posting of the Intent to Award and shall file a formal written protest within five (5) business days after filing the Notice of Protest. Failure to file both a notice of protest and a formal written protest within the above referenced timelines shall constitute a waiver of proceedings.

The burden is on the party protesting the award of the bid to establish grounds for invalidating the award(s). The formal written protest must state with particularity the facts and law upon which the protest is based. Options are for informational purposes only and will not serve as a basis for protest. Failure to do so will result in a denial of protest. Formal written protest which states with particularity the facts and law upon which the protest is based will be reviewed by FSA legal counsel for legal soundness and validity, and corrective action will be taken as needed contingent upon the validity of such claims. However, any additional time required and costs incurred by the FSA to substantiate a protesting party's claim(s) beyond the normal scope of its legal review due to the vague or inconclusive nature of the protesting party's filing will be reimbursable to the FSA and deducted from the protesting party's bond or security which must accompany their filing.

Any Bidder who files an action protesting a decision or intended decision pertaining to this Contract shall post a bond, cashier's check or money order payable to the Florida Sheriffs Association in the amount equal to ten percent (10%) of the item being protested. The bond, cashier's check or money order must be filed at the time of filing the formal written protest or within the five (5) business day period allowed for filing the formal written protest. FSA CPP will provide the amount required within two (2) business days of the notice of protest received. This bond or security will be conditioned upon the payment of all costs which may be adjudged against the protesting party in a court of law and/or to reimburse the FSA for additional legal expenses incurred and required to substantiate the protesting party's claim(s). Failure to post the bond or security requirement within the time allowed for filing will result in a denial of protest. The filing of the protest shall not stay the implementation of the bid award by the Florida Sheriffs Association.

Should the unsuccessful Bidder(s) decide to appeal the decision of the FSA, they shall file a notice to FSA CPP within three (3) business days of the FSA bid protest decision regarding their intent to request arbitration. A demand for arbitration with the American Arbitration Association's ("AAA") commercial panel under its rules and regulations must be made within ten (10) business days of the FSA bid protest decision. Any person who files for an arbitration with the AAA shall post with the Florida Sheriffs Association at the time of filing the formal written arbitration request, a bond, cashier's check or money order payable to the Florida Sheriffs Association in the amount equal to ten percent of the product line being protested. This amount will be the same amount as the FSA CPP provided at the time of filing the initial protest. Failure to provide written notice to FSA CPP, file a demand for arbitration with the AAA, or failure to post the required bond and security requirement within the specified timelines shall constitute

a waiver of arbitration proceedings. By responding to this procurement, the Bidder expressly agrees to the use of mandatory binding arbitration to resolve any appeals of the decision of the FSA, and any claims arising from or in any way relating to the procurement process, and expressly waives any and all rights that it may otherwise have to pursue such claims in any other forum, judicial or otherwise.

If the party filing for arbitration does not prevail, it shall pay all costs, legal expenses and attorneys' fees of the prevailing party incurred in connection with the arbitration. However, if the filing party prevails, the parties shall share equally the fees and expenses of the arbitration and AAA and each shall bear the cost of their own attorneys' fees. The filing for arbitration shall not stay the implementation of the bid award by the Florida Sheriffs Association.

1.41 NONPERFORMANCE

By virtue of the bid submission, Bidder acknowledges its obligation to sell items in all zones for which it is awarded. Upon award, failure of the Vendor to comply with these requirements may result in the imposition of liquidated damages of up to $1,000 per item, which amount the Vendor agrees is reasonable, or probation, suspension, termination or a combination thereof from current and future bids at the FSA CPP's discretion.

The Vendor shall at all times during the Contract term remain responsive and responsible. In determining Vendor's responsibility, the FSA CPP shall consider all information or evidence that demonstrates the Vendor's ability or willingness to fully satisfy the requirements of the Terms and Conditions.

Vendors that are not in compliance with any of the provisions of this Contract can be assessed liquidated damages, suspended or terminated from the Contract. The FSA CPP at its sole discretion may remove a noncompliant Vendor from future competitive bid solicitations; or take other actions including suspension from the Contract until compliance issues are resolved, limit current or future vendor participation by items or zones, or other actions as determined by FSA CPP at its sole discretion.

At FSA CPP's discretion, Vendors may be required to develop corrective action plans to address contract compliance. Failure to abide by corrective action plans will result in termination of the Contract and future competitive bid solicitations at the discretion of the FSA CPP.

In situations where there is evidence that the Vendor has engaged in egregious breaches of the Contract with respect to either the FSA CPP and/or the purchaser, the Contract can be terminated immediately and the Vendor will be removed from future solicitations for a period of up to three (3) years, or a permanent ban from the bid process at the sole discretion of FSA CPP.

Specific conditions for termination include, but are not limited to; failure to perform, refusal to accept orders during the Contract term while Manufacturer orders are still being accepted for current model year or the new year if the vehicle is price protected by the factory, charging amounts exceeding MSRP on factory or Vendor installed items and packages, requiring the purchase of additional options over and above the base vehicle as a condition of acceptance of order, providing aftermarket options where factory options are available without the consent of the purchaser, any misrepresentation of optional equipment or service as being factory that fails to meet the definition as described in this document, and any other practice deemed to be inconsistent with the intent of the Contract.

Any Vendor presented with a valid Purchase Order consistent with Vendor bid quotes or other agreed upon terms and pricing is required by this Contract to accept such Purchase Order and deliver the product. Purchase Orders must be fulfilled whether or not the Purchase Order includes options. The Vendor must deliver this product in accordance with the Terms and Conditions – regardless of whether doing so will provide the Vendor with a profit or loss.

Failure to deliver the item may result in the purchaser seeking damages for the difference of cost to issue a new Purchase Order with another Vendor, plus any legal fees and damages that may be incurred in the process to facilitate a completed order. Additionally, FSA CPP may seek damages for nonpayment of administrative fees, to which FSA CPP is entitled, according to Section 3.24, and any attorney's fees incurred in the recovery of these damages.

1.42 SEVERABILITY

In the event any provision of this Contract is held to be unenforceable for any reason, the unenforceability thereof shall not affect the remainder of the Contract, which shall remain in full force and effect and enforceable in accordance with its terms.

1.43 TERMINATION FOR CAUSE

If, through any cause within the reasonable control of the Vendor, it shall fail to fulfill in a timely manner, or otherwise violate any of the terms of this Contract, the FSA shall have the right to terminate the services remaining to be performed. Written notice of the deficiencies shall be given to the Vendor and unless the deficiencies are corrected within ten (10) business days, the Contract may be terminated for cause immediately. The right to exercise the option to terminate for cause shall be in the sole discretion of the FSA, and the failure to exercise such right shall not be deemed to constitute a waiver of this right.

In the event of a termination for cause, the purchaser shall compensate the Vendor in accordance with the Contract for all services performed by the Vendor prior to termination, net of any costs incurred by the purchaser and FSA as a consequence of the default.

Notwithstanding the above, the Vendor shall not be relieved of liability to the FSA for damages sustained by the FSA by virtue of any breach of the Contract by the Vendor, and the FSA may reasonably withhold payments to the Vendor for the purposes of offset until such time as the exact amount of damages due the FSA from the Vendor is determined.

1.44 TERMINATION WITHOUT CAUSE

The FSA can terminate this Contract in whole or part without cause by giving written notice to the Vendor of such termination, which shall become effective thirty (30) calendar days following receipt by Vendor of such notice.

In the event of termination without cause, all finished or unfinished documents and other materials shall be properly delivered to the FSA.

The Vendor shall not furnish any product after it receives the notice of termination, except as necessary to complete the continued portion of the Contract, if any. The Vendor shall not be entitled to recover any lost profits that the Vendor expected to earn on the balance of the Contract or cancellation charges.

Any payments to the Vendor shall be only to the total extent of the purchaser's liability for goods or services delivered prior to the date of notice to terminate the Contract.

1.45 CONTRACT ADVERTISEMENT AND USE OF FSA LOGO

The FSA CPP logo is an official logo of the Florida Sheriffs Association designed to promote the program. The FSA CPP logo may be used by Vendors in accordance with the policy contained in this Section 1.45. Use of the FSA CPP logo is limited to the original version received from the FSA. Modifications are not permitted.

Methods of use include, but are not limited to:

- Electronic mediums such as websites, digital marketing campaigns, social media and e-mail; or
- Print media such as forms, marketing campaigns, business cards, posters, banners, brochures, flyers and postcards.

Vendors may request use of the FSA CPP logo by contacting cpp@flsheriffs.org, and should include a brief description of how the Vendor intends to use it. The official FSA sheriff's star and wreath logo may not be used without prior written permission.

- Garage Keepers Liability Insurance covering the Vendor's legal liability for property damage in limits of not less than $1,000,000 per occurrence.

It is understood and agreed that all insurance policies of insurance provided by the Vendor are primary coverage and non-contributory with respect to any insurance or self-insurance the FSA or purchasers possess that may apply to a loss resulting from the work performed pursuant to this Contract. All insurance policies issued to cover the insurance requirements herein shall provide full coverage from the first dollar of exposure.

Vendor shall be fully liable for the actions of its agents, officers, employees, contractors, partners, subcontractors, and third party suppliers, performing work under this Contract, and shall fully indemnify and hold harmless the Florida Sheriffs Association ("FSA"), the purchasers, and each of their officers, agents, and employees from suits, actions, damages, and costs of every name and description, including legal counsels' fees and court costs, arising from or relating to negligence, omissions, personal injury or damage to real or personal tangible property alleged to be caused in whole or in part by Vendor, its agents, officers, employees, contractors, partners, subcontractors, and third party suppliers; provided, however, that the Vendor shall not indemnify for that portion of any loss or damages resulting directly from the grossly negligent acts or omissions of the FSA or purchasers or for that portion of any loss or damages proximately caused by intentional wrongful acts or omissions of the FSA or purchasers.

All insurance policies shall be issued by companies authorized to do business under the laws of the State of Florida and these companies must have a rating of B+ or better per the AM Best Rating. At no time shall the Vendor be without insurance in the required amounts. No policy may be changed to provide for less coverage than is required or canceled during the term of this Contract without at least thirty (30) days' written notice to the FSA and/or purchasers, as applicable.

The Vendor must specifically and distinctly assume, and does so assume, all risks of damage or injury to property or persons used or employed on or in connection with the work to be performed by Vendor pursuant to this Contract and of all damage or injury to any person or property wherever located, resulting from any action, omission or operation by the Vendor, its agents, officers, employees, contractors, partners, subcontractors, and third party suppliers, under this Contract or in connection with the work contemplated herein. It is understood and agreed that at all times the Vendor, its agents, officers, employees, contractors, partners, subcontractors, and third party suppliers, are acting as independent contractors to the FSA and/or purchasers, as applicable. Nothing in this Contract shall be interpreted or construed as creating or establishing the relationship of employer and employee between the FSA and/or purchasers and the Vendor or any of its agents, officers, employees, contractors, partners, subcontractors, and third party suppliers, or anyone directly or indirectly employed by the Vendor. The parties acknowledge that the Vendor is not an employee for state or federal tax purposes. The Vendor shall hire and pay all of Vendor's employees, agents, subcontractors or anyone directly or indirectly employed by the Vendor, all of whom at all times being entirely under the Vendor's supervision, direction and control. The Vendor shall be responsible for the means, manner, and methods by which its duties, obligations, and responsibilities under this Contract are met to the satisfaction of the FSA and/or purchasers, as applicable. The Vendor shall be responsible for every part of the work contemplated herein, and for all labor, expertise, materials, tools, appliances and property of every description, used in connection with this Contract.

The Vendor will secure and maintain policies of third-party suppliers performing work or providing services and/or materials to or for Vendor in furtherance of Vendor's performance under this Contract. All third-party supplier insurance policies must be made available to the FSA and/or purchasers upon written request. Compliance by the Vendor and all third-party suppliers with the foregoing requirements as to carrying insurance and furnishing copies of the insurance policies will not relieve the Vendor or any of its third-party suppliers of each of their liabilities and

obligations under any section or provisions of this Contract. Vendor must be as fully responsible to the FSA and/or purchasers for the acts and omissions of the third-party suppliers and of persons employed by the third-party suppliers as Vendor is for acts and omissions of persons directly employed by the Vendor.

The FSA and/or purchasers may request, and upon such request the Vendor must furnish, proof of insurance, within seven (7) calendar days of receipt of the written request once the contract times have commenced. Should the Vendor fail to provide acceptable evidence of current insurance during the Contract term, the FSA and/or purchasers, as applicable, have the right, but not obligation, to consider the Contract breached and terminate the Contract effective immediately, in the sole discretion of the FSA and/or purchasers, as applicable. If Vendor fails to have secured and maintained the required insurance, the FSA and/or purchasers has the right to consider alternate insurance coverage proffered by the Vendor, but has no obligation to do so.

The FSA and/or purchasers will give the Vendor the opportunity to take over and settle or defend any such action at Vendor's sole expense. As permitted by law and within a reasonable time period, the FSA and/or purchasers will give the Vendor written notice of an action or threatened action. Vendor will not be liable for commercially unreasonable costs, expenses or compromises incurred solely by the FSA, or purchasers, in any legal action without Vendor's prior written consent, which consent shall not be unreasonably withheld, conditioned, or delayed.

The Comprehensive General liability insurance coverage, Automobile liability insurance coverage, and Garage Keeper's liability insurance coverage must extend to and include the following contractual indemnity and hold harmless agreement:

> *The Vendor hereby agrees to indemnify and hold harmless the FSA, a 501(c)3, its officers, agents, and employees from all claims for bodily injuries and for all damages to property, including tangible and intangible, per the insurance requirement under the specifications including costs of investigation, all expenses of litigation, including reasonable legal counsel fees (including paralegal and other expert and support service fees) and the cost of appeals arising out of any such claims or suits because of any and all acts, omissions or commissions by the Vendor, its agents, officers, employees, contractors, partners, subcontractors, and third party suppliers under the Contract FSA25-VEL33.0 Pursuit, Administrative, and Other Vehicles.*

The foregoing indemnity agreement must apply to any and all claims and suits other than claims and suits arising out of the sole and exclusive gross negligence of the FSA, its officers, agents, and employees, as determined by a court of competent jurisdiction.

The Vendor will notify the insurance agent without delay of the existence of the Hold Harmless Agreement contained within this Contract and furnish a copy of the Hold Harmless Agreement to the insurance agent and carrier.

The Vendor, at all times during the full duration of work under this Contract, including any extra or additional work approved by and consented to in writing by the parties in connection with this Contract, shall meet the requirements of the foregoing provisions.

2.04 SPECIFICATIONS

All items covered by this Invitation to Bid and any resulting contract, and the specifications shall be the Manufacturer's current basic production model, and shall, as a minimum, be equipped with all standard factory equipment in accordance with the Manufacturer's latest literature unless otherwise noted in the Bid System or FSA Base Specifications.

The FSA Base Specifications are contained in the FSA CPP Bid System, may be requested from FSA CPP, and are retained within FSA CPP's archive. As part of the bid submission, Bidders will be required to provide confirmation that the item bid meets the FSA Base Specifications. FSA CPP may reject bids that fail to provide confirmation that the item(s) bid meet the FSA Base Specifications.

FSA CPP develops the specifications with subject matter experts and publicly available information. However, FSA CPP does not have access to full details from the Manufacturer and relies on Bidders to assist in this process. Bidders should immediately notify the FSA CPP of any inaccuracies in the specifications. All notifications of inaccuracies must be in writing.

If awarded a contract, Vendor(s) must offer and supply an item that either meets or exceeds all the requirements included in the applicable FSA Base Specifications, unless a purchaser specifically issues a Purchase Order for a base item and option that differs from the FSA Base Specifications. Failure of a Vendor to comply with these provisions will result in Vendor being held responsible for all costs required to bring the item into compliance with the Contract specifications.

2.05 SEALED BIDS

For purposes of this solicitation, a sealed bid is considered a bid submitted using the FSA CPP Bid System.

2.06 MISTAKES

Bidders are expected to examine the FSA Base Specifications, delivery schedules, bid prices and all information pertaining to servicing this Contract before submitting a bid. Failure to do so will be at the Bidder's risk.

2.07 EXCEPTIONS

Any requested exceptions, deviations, or contingencies a Bidder may have to the Terms and Conditions must be documented in Bidder's submission. Exceptions to the FSA Base Specifications at the time of the bid submission shall reference the item number, make and model. FSA CPP has the discretion to grant or deny, in whole or in part, the Bidder's requested exception, deviation or contingency to the specifications or Terms and Conditions. Bidder acknowledges that the bid may be disqualified if FSA CPP rejects the proposed exceptions.

2.08 EQUIVALENTS

Prior to the opening of the Bid System, Bidders may request item equivalents. The Bidder must submit the Manufacturer name and model number (or product identifier) of each equivalent requested to FSA CPP. Complete, descriptive, technical literature should demonstrate that the equivalent conforms with FSA Base Specifications. If a bid uses equivalents without prior approval, the bid may be disqualified.

2.09 MANDATORY PRE-BID MEETING

Bidders are required to attend or participate in the **mandatory** Pre-Bid Meeting. The Pre-Bid Meeting is designed for Bidders, the Fleet Advisory Committee, and the FSA CPP to clarify questions on the Terms and Conditions and to confirm all FSA Base Specifications. Questions relating to the items, specifications, the bid process, or award can be asked at the Pre-Bid Meeting. Bidders have the opportunity to suggest technical modifications or corrections before the FSA Base Specifications are finalized.

FSA CPP reserves the right to grant attendance exceptions to the mandatory Pre-Bid Meeting if the Bidder has requested authorization, agrees in writing to meet all the Terms and Conditions without exception and further waives their right to protest the bid process in its entirety or any portion thereof.

2.10 PRICES QUOTED

Due to the changing market conditions, the FSA CPP has temporarily moved to a percent above cost, or "cost-plus", model for the Pursuit, Administrative, and Other Vehicles Contract. The cost-plus model allows for Vendors to sell items immediately when order windows open for the next model year, when the Manufacturer changes price during the contract term, or when new items come to market.

Bidders shall provide a Bid Price and a Percent, as defined below, for each item bid. The Bid Price will be used to evaluate the lowest, responsive and responsible Bidder for each item and zone. The Percent will be used under an awarded contract to determine the cost-plus pricing for the next model year, when the Manufacturer changes price during the contract term, or when new items come to market. The FSA CPP will use the percent feature of the Bid System as the field to capture the percent above cost that the Vendor can expect to receive from the purchaser for the purchase of an awarded item.

The FSA CPP has the discretion to disqualify Bidders if the proposed Percent is deemed excessive by the FSA in its sole discretion. In order to determine if Percent is excessive, FSA will compare the Percents proposed by Bidders for each item in each zone.

Prices and Percents bid for items and options should reflect the most complete item price, be below MSRP, and at a minimum should at least cover the cost of the item or option bid.

Prices and Percents bid must be at least Item Cost, be Free on Board ("FOB") destination, and must include delivery to the purchaser.

As used in this provision, "Item Cost" is defined as the factory invoice price for the item, the Original Equipment Manufacturer ("OEM") destination and delivery to dealer, and the FSA Administrative fee, minus the OEM government pricing concessions specific to this bid, all Manufacturer incentives, discounts, rebates, concessions and holdbacks.

As used in this provision, "Total Cost" is defined as the Item Cost, plus costs of dealer's floorplan estimated operational expense, and costs of dealer for preparation, cleaning, assembling, gas, and delivery to zone.

As used in this provision, "Bid Price" is defined as the Total Cost and profit.

As used in this provision, "Percent" is defined as the markup over Item Cost.

Bid Prices will be used as the initial published pricing for awarded items. As windows open for the next model year, the Manufacturer changes price during the Contract term, or as new items come to market, FSA CPP will work with Vendors to update the published pricing for such items based on the awarded Percent, within a reasonable period of time. Vendors may accept Purchase Orders for such items in accordance with these Terms and Conditions before submitting updated published pricing to FSA CPP.

2.11 COST-PLUS-PERCENT PRICING

The Bid System provides each Vendors' percent above cost at which the Vendor will sell such items. The Percent provided in the Bid System does not provide a percent discount for items bid.

If a Vendor fulfills a Purchase Order at other than published pricing, at purchasers' request, the Vendor must provide documentation substantiating the Item Cost, as defined in Section 2.10.

2.12 OPTION PRICING

FSA CPP requests Bidders include most frequently purchased options in the Bid System. Option pricing must include the administrative fee. Bidders must provide a price for each option in addition to a percent below MSRP for factory-installed options or a percent above cost for other options.

The FSA CPP has the discretion to disqualify Bidders if the option pricing is excessive. In order to determine if pricing is excessive, Bidders agree to provide documentation to FSA CPP to verify cost at any time during the solicitation process or during the contract term. This information is for comparison purposes and will not be published.

Options are intended to add or delete equipment or features from the FSA Base Specifications. Options can provide an upgrade or downgrade to a Manufacturer's model, such as a slightly different engine size or horsepower, and should not be made available for purchase separate from the base vehicle or equipment. Options may only provide a downgrade to a Manufacturer's model when specifically requested in a Purchase Order issued in accordance with the Terms and Conditions by a purchaser. Bidders shall NOT use options to create an item that is available as another item bid on this Invitation to Bid.

The use of options to facilitate the sale of an alternate Manufacturer's product which is outside the scope of the FSA Base Specifications will be determined nonresponsive and the bid will be rejected in whole or part by the FSA CPP. Bidders must disclose which options require the purchase of other options or are dependent on another option in their bid submission. Option pricing will include all costs of labor associated with the option and cost of labor should not be listed separately.

Bidder must use proper Manufacturer codes for factory options. Options available through the factory should be bid as and supplied to purchaser as factory options, unless otherwise requested in writing by the purchaser. Factory package options are permitted under this Contract. Factory package options included in the bid submission must detail what components the package includes.

If the Bidder wishes to offer credit to the purchaser for an option that is standard on the FSA Base Specifications, the Bidder should include the word "Credit" at the beginning of the description field and continue to describe the option being credited. For example, "Credit: one key fob" and enter the price the Bidder will credit the purchaser.

For purposes of this bid, Emergency Lights and Sirens will require a separate pricing sheet and option upload in the Bid System. Section 2.13 contains specific instructions and exceptions for Emergency Lights and Sirens.

2.13 EMERGENCY LIGHTS AND SIRENS

Under Section 316.003(1), *Florida Statutes*, authorized emergency vehicles are defined as:

> Vehicles of the fire department (fire patrol), police vehicles, and such ambulances and emergency vehicles of municipal departments, public service corporations operated by private corporations, the Fish and Wildlife Conservation Commission, the Department of Environmental Protection, the

Department of Health, the Department of Transportation, and the Department of Corrections as are designated or authorized by their respective departments or the chief of police of an incorporated city or any sheriff of any of the various counties.

Bidders that will provide or contract to provide emergency light and siren installation must only use installers that possess a current Emergency Vehicle Technician Certification, or an approved equivalent. FSA CPP may request certificates for a Vendor's installers at any time during the Contract term. Labor may be charged for the installation of emergency lights and sirens. Labor rates must be disclosed as part of the Bidder's bid submission. Bidders may not charge for labor for vehicles that are manufactured with emergency lights and sirens, including motorcycles. Prices submitted for emergency lights and sirens shall include all applicable government-imposed fees.

Bidders that install emergency lights and sirens are required to provide and install products that are Society of Automotive Engineers ("SAE") certified. SAE Certifications must include Class 1, Class 2 and Class 3 in order to be eligible for participation in the contract. If a lighting or siren product installed on an emergency vehicle is not SAE Certified, the Vendor can be found in default of the contract.

Bid Submission of Emergency Lights and Sirens
If offering emergency lights and sirens, Bidders will be asked to provide pricing by submitting a pricing sheet. An emergency vehicle light and siren option pricing template is offered in the Bid System. Bidders are encouraged, but not required to use the template. If item or specification group is helpful to display light and siren options, Bidders may categorize the pricing sheet by item group.

Items listed below are required for the submission of the pricing sheet:

- Order code
- Description
- Price (part only)
- Estimated labor hours
- Labor cost per hour

2.14 BID SUBMISSION

Bidders must submit a bid electronically using the Bid System. Bid submissions include a price for each item and option bid in accordance with Sections 2.10, 2.11, 2.12, 2.13, 2.14, and 2.15. Each Bidder must submit a Qualifications Packet for each bid. The bid must be received by the date and time specified on the Bid Calendar in Appendix B. Failure to meet all submission requirements by the date indicated on the Bid Calendar will result in rejection of the bid.

Bid System: VendorLink
The Bid System is located at https://www.myvendorlink.com. Bidders are encouraged to participate in training provided. Usernames and passwords will be issued to Bidders after registering in the Bid System. Contact VendorLink at support@evendorlink.com if technical issues arise during bid submission.

Prices are to be rounded to the nearest whole dollar. If a Bidder submits bid pricing using cents, the following formula will be applied to round the bid pricing to the nearest whole dollar: $.01-.49 will be rounded down to the dollar bid (e.g., $50.49 = $50) and $.50-.99 will be rounded to the next dollar (e.g., $50.50 =$51).

Bid Submission
To ensure correct bid submittal and formatting, Bidders shall:

- Offer a Bid Price for each item bid by zone, as defined in Section 2.10.
- Provide a Percent for each item bid by zone, as defined in Section 2.10.
- Upload files as instructed in the Bid System; files requested will be .pdf.
- Follow all instructions outlined in this Invitation to Bid and provide all requested information.

The bid shall include the following documents:

- Executed Qualifications Packet.
- Build sheet for each item bid as a single .pdf.
- Pricing Sheet for Emergency Vehicle Lights and Sirens, if applicable.
- Any requested exceptions or equivalents.

Option Upload

An option sheet should be submitted for each item bid. The Bid System will accept option information for each item through a .pdf file upload. Each option sheet should include a header to identify the FSA CPP contract title and number, the Bidder name, item number, make and model. Each option sheet should include:

- Option
- Description
- Manufacturer order code or identifying code
- Price
- Cost plus percent for all items not installed at the factory
- Percent below MSRP for factory installed options

Repair and Replacement Parts Upload - Optional

If a Vendor chooses to sell repair and replacement parts upon award, a parts pricing sheet should be submitted with the bid. Parts are listed by Vendor and are not tied to items bid. A template is offered in the bid system and this document is not required. Each pricing sheet should include:

- Category
- Description
- MSRP or List Price discount percentage
- Exceptions to discount provided
- Quantity discounts

FSA CPP may ask awarded Vendors to supply one (1) hard copy set of the bid with digital signatures and original compliance forms, prior to the Contract execution. Hard copy bids should not be submitted unless specifically requested by FSA CPP. FSA is not responsible for Bidder's improper use of the Bid System. Exceptions may be granted to Bidders by FSA CPP pursuant this section should any Bid System malfunctions occur.

2.15 ZONE BIDDING

Bidders may bid in one or more geographic zones. Bidders must submit pricing for each zone they wish to be evaluated. The zone map is included in Appendix A. The geographic zones are in place to assist Bidders in estimating costs of delivery, which must be included in the price bid and quoted to the purchaser. For the Pursuit, Administrative, and Other Vehicles Contract, the cost of delivery must be included in the Percent.

2.16 EXECUTION OF BID

By submitting a response to this Invitation to Bid, the Bidder agrees to the Terms and Conditions and to be bound by such Terms and Conditions if selected for award. The Bidder must respond to the Contract Signature Form with

the signature of an authorized representative five (5) days prior to award. All Terms and Conditions are applicable throughout the term of the awarded contract and are not specific to any given year, make or model.

2.17 MODIFICATION OR WITHDRAWALS OF BIDS

A Bidder may submit a modified bid to replace all or any portion of a previously submitted bid until the due date and time of the bid submission listed in the Bid Calendar. Modifications received after the bid due date and time will not be considered.

Bids can be withdrawn in writing prior to the contract award. If a Bidder must withdraw the bid, the Bidder must contact FSA CPP immediately. Bid withdrawals are handled on a case-by-case basis and can result in a limitation of participation in future bids.

2.18 LATE BIDS

The responsibility for submitting a bid before the due date and time on the Bid Calendar is solely and strictly the responsibility of the Bidder. The FSA is not responsible for delays caused by technical problems, any internet outages or delays incurred by electronic delivery, or any other occurrence. Any reference to time will be based on Eastern Time.

2.19 BID OPENING

Bids shall be opened on the date and time specified on the Bid Calendar. The bid opening may occur at the Florida Sheriffs Association, 2617 Mahan Drive, Tallahassee, Florida, or may be offered online.

FSA CPP will provide a bid inspection period for Bidders following the bid opening. The date, time and duration will be announced prior to the bid opening.

2.20 DETERMINATION OF RESPONSIVENESS

Determination of responsiveness will take place at the time of bid opening and evaluation. In order to be deemed a responsive bidder, the bid must conform in all material respects to the requirements stated in the Invitation to Bid. As set forth in Section 2.24, FSA CPP reserves the right to waive or allow a Bidder to correct minor irregularities.

2.21 RESPONSIBLE BIDDER CRITERIA

Bids will be evaluated to determine if qualifications and Contract requirements are met. Responses that do not meet all requirements of this Invitation to Bid or fail to provide all required information, documents or materials may be rejected as nonresponsive. The FSA CPP will not request documentation or consider a Bidder's social, political or ideological interests in determining if the Bidder is a responsible bidder. FSA CPP will not give preference to a Bidder based on the Bidder's social, political, or ideological interests.

Bidders whose responses, past performance, or current status do not reflect the capability, integrity, or reliability to fully and in good faith perform the requirements of the contract may be rejected as non-responsible. In determining a responsible Bidder, the following factors may be considered:

- Adequacy of facilities, staffing, and financial resources;
- Previous experience with FSA contract or other similar government contracts;

- Ability to provide excellent customer service, including on previous FSA contracts; and
- Any other information relevant to the responsibility of a Bidder of which FSA CPP is aware.

In addition to the requirements set forth by these Terms and Conditions, FSA CPP reserves the right to request staffing, performance and financial information from any Bidder during the evaluation process.

FSA CPP reserves the right to determine which responses meet the requirements, specifications, Terms and Conditions of the solicitation, and which Bidders are responsive and responsible.

FSA CPP further reserves the right to limit participation of Bidders who, in FSA CPP's sole discretion, are determined to present responsibility concerns that call into question the Bidder's ability to perform but that do not rise to the level of requiring rejection of the Bidder as non-responsible.

2.22 BASIS FOR AWARD

The FSA CPP shall make award to the qualified, responsive and responsible Bidder(s) who submitted the lowest Bid Price by item, Manufacturer, and zone. Awards may also be made to subsequent lowest responsive and responsible Bidders by item, Manufacturer, and zone, when determined to be in the best interest of the FSA and the purchaser(s). FSA CPP has the discretion to consider Percent and option pricing in making the award and to disqualify bidders for proposing excessive Percent(s) or option pricing.

Awards will not be given to any parties listed on the government wide exclusion in the System for Award Management.

FSA CPP reserves the right to accept or reject any and all bids, and to waive any minor irregularity, technicality or omission if it determines that doing so will serve the purchaser's best interest. FSA CPP reserves the right to make multiple awards for each item, if determined to be in the best interest of the FSA and the purchasers.

Awards will be posted on the FSA CPP website according to the date posted in the Bid Calendar.

2.23 BID TABULATIONS

The bid tabulation report will be posted on the FSA CPP website after the bid submission closes.

If there is a delay in posting the bid tabulation results, FSA CPP will post a notice of the delay and a revised date for posting of results.

2.24 MINOR IRREGULARITIES/RIGHT TO REJECT

The FSA CPP has the right to accept or reject any and all bids, or separate portions thereof, and to waive any minor irregularity, technicality or omission if the FSA CPP determines that doing so will serve its best interest or the best interest of the purchasers. A minor irregularity is a variation from the Terms and Conditions of this procurement that does not affect the price of the bid or give the Bidder a substantial advantage over other Bidders and thereby restrict or stifle competition and does not adversely impact the interests of the FSA or the purchasers. At its option, the FSA CPP may allow a Bidder to correct minor irregularities but is under no obligation to do so. In doing so, the FSA CPP may request a Bidder to provide clarifying information or additional materials to correct the irregularity. However, the FSA CPP will not request, and a Bidder may not provide the FSA CPP with additional materials that affect the price of the bid or give the Bidder an advantage or benefit not enjoyed by other Bidders.

The FSA CPP may also reject any bids not submitted in the manner specified in this Invitation to Bid.

2.25 CONE OF SILENCE

This Invitation to Bid is subject to the Cone of Silence that begins the date the bid submission opens through the intent to award date as indicated in the Bid Calendar. During this period, all communications regarding this solicitation between FSA and Bidder will cease, except for procedural questions, questions regarding problems incurred in the use of the Bid System, or communications initiated by the FSA CPP. All permitted communications during this period shall be made in writing to the contact person identified in Section 1.01 of this Invitation to Bid.

3.0 CONTRACT CONDITIONS

3.01 GENERAL REQUIREMENTS

Once the bid has been awarded, the Terms and Conditions of this document become the Contract between the FSA and the awarded Vendor. The Terms and Conditions apply to all items purchased from this Contract.

3.02 STATEMENT OF AUTHORITY

Each person signing the Contract warrants that they are duly authorized to do so and binds the respective party to the Contract.

3.03 VENDOR CONTACT INFORMATION

The Vendor shall maintain current contact information with FSA CPP at all times for sales and submission of Purchase Orders, quarterly reports and administrative fee payments. If a change occurs during the term of this Contract, the Vendor must notify FSA immediately.

3.04 ADDITIONS OR DELETIONS

FSA CPP reserves the right to add or delete any items from the Vendor's bid or this Contract when deemed to be in the best interest of FSA and purchasers, at its discretion. This decision to take action may be based upon and not limited to few or no sales, product recalls and other safety issues, Vendor or Manufacturer performance, or the product's lack of relevance.

For items that come to market during the contract term, FSA CPP may authorize qualified and awarded Vendors to offer the new item under the existing Contract Terms and Conditions, if the Manufacturer authorizes a Vendor to sell the item. FSA CPP will request awarded Vendors submit pricing and will evaluate the responses prior to authorizing awarded Vendors to offer the new item.

3.05 CONTRACT EXTENSION

Contract Extension

The Contract may be extended by mutual agreement for up to two (2) additional years, on a year-to-year basis. FSA reserves the right to execute a Contract extension or to allow the Contract to fully or partially terminate and readvertise for bids, whichever is in the best interest of FSA.

The Vendor may request price adjustments for contract extensions as provided for herein. If no request is received from the Vendor, the FSA will assume that the Vendor has agreed that the optional term may be exercised without a price adjustment. Any adjustment request received after the execution of an extension may not be considered unless otherwise provided for in this Contract.

Month-to-Month Continuation

In the event a new contract is not active at the time of this Contract's expiration, this Contract's Terms and Conditions shall extend on a month-to-month basis and shall not constitute an implied extension of the Contract. Such a month-to-month continuation shall be upon the compensation and payment provided herein.

3.06 PRICE ADJUSTMENT

In addition to the cost-plus-percent pricing adjustments available, the Terms and Conditions provide the following methods of price adjustments:

- Annual Price Adjustments
- Changes to Manufacturer Production or Design
- Manufacturer Certified Adjustments
- Equitable Adjustments

Price adjustment requests must clearly substantiate a need to increase or decrease the price. Price adjustments will not be considered if Vendors are delinquent on administrative fee payments or have outstanding quarterly reports.

Annual Price Adjustment

The FSA CPP may consider annual price adjustments due to:

- Changes in the Producer Price Index ("PPI") as published by the U.S. Department of Labor, Bureau of Labor Statistics ("BLS"); or
- As a result of changes to national or state standards that require substantial price adjustments.

FSA CPP may consider other documentation related to the change to national or state standards but is not obligated to grant price changes without literature from the Manufacturer. The FSA CPP will consider the request and will make a final determination on the change in price.

Changes to Manufacturer Production or Design

Significant changes by the Manufacturer to the production of and specification design may initiate a price adjustment request. FSA CPP will consider order dates, production factors, model year, or other conditions, as well as the replacement or complete redesign of items. Vendors must provide documentation from the Manufacturer.

Manufacturer Certified Adjustments

Vendors must provide documentation from the Manufacturer to FSA CPP that shows the additional costs or price adjustments imposed by the Manufacturer and substantiate the need for a related price adjustment for this contract.

Equitable Adjustments

The FSA CPP, on behalf of FSA, may make an equitable adjustment to the Contract terms or pricing at its discretion.

3.07 CONDITIONS

It is understood and agreed that any item offered or shipped as a result of this Contract shall be the most current model offered.

3.08 PRODUCTION CUTOFF

Vendors shall notify the FSA CPP in writing no less than sixty (60) calendar days prior to the close of final order date by the Manufacturer when the final order date is during the term of the Contract. Purchase Orders received by the Vendor ten (10) business days prior to the final order date must be accepted and entered into the order system with

the Manufacturer. Purchase Orders issued and received after the production cutoff date will be subject to availability. In this case, the Vendor and Manufacturer have the discretion whether to choose to provide next year's model at current year's prices until the end of the Contract term. If the Manufacturer cutoff date is during the term of the Contract and will affect the purchaser's ability to obtain the items, FSA CPP may consider substitutions from the same Manufacturer.

3.09 FACILITIES

The FSA CPP reserves the right to inspect the Vendor's facilities at any time with prior notice.

3.10 PURSUIT RATED VEHICLES & MOTORCYCLES

Vehicles in this category have been reviewed by one or more of the nationally recognized authorities on Police Vehicle Testing Program/Evaluation. These evaluations are not designed to recommend a particular product, but to serve as a resource for vehicles which are currently being offered for law enforcement service. To see the full detailed report, click or copy the links below. At the time of the bid there were two nationally recognized authorities:

State of Michigan, Michigan State Police Precision Driving Unit

These vehicles are labeled as Special Service Vehicle ("SSV") and often used in public safety applications and other areas of government. Refer to Manufacturers published information for detailed information regarding these vehicles.

3.12 FACTORY-INSTALLED OPTIONS

All options specified as factory-installed are to be installed on the item at the primary site of assembly and are to be the Manufacturer's standard assembly-line product. Aftermarket and vendor-installed equipment will not be accepted as factory-installed. Vendors found supplying aftermarket or vendor-installed equipment where factory-installed are specified shall be required to retrieve all delivered items and supply new items meeting the specifications.

All factory-ordered options are to be OEM and installed at the primary site of assembly unless otherwise noted by the Vendor and acknowledged in writing by the purchaser. Verbal agreements will not be recognized.

3.13 VENDOR-INSTALLED OPTIONS

All vendor-installed accessories, equipment, or options shall be installed according to the Manufacturer's specifications. All vendor-installed options must be manufactured by an established Manufacturer of the product provided. Vendors are required to disclose make and model of product being offered, the design and model must be approved by the purchaser prior to installation. Prior to any purchase, the Vendor must also disclose the warranty of any accessory, equipment or option that is less than or exceeds the factory or equipment warranty coverage. Any Vendor that violates this provision will be considered in default of the Contract. FSA CPP may terminate the Contract in accordance with these Terms and Conditions.

3.14 NON-SCHEDULED OPTIONS

A non-scheduled option is an option not listed on the FSA CPP published award. Vendors may provide non-scheduled options at less than MSRP or the Published List Price. Non-scheduled options should be identified and listed as a separate line item with the price and discount on the Purchase Order. Non-scheduled options are covered under these Terms and Conditions.

3.15 FORCE MAJEURE

A Vendor shall not be penalized for a delay resulting from the Vendor's failure to comply with delivery requirements if neither the fault nor the negligence of the Vendor or its employees contributed to the delay and the delay is due directly to acts of God, wars, acts of public enemies, strikes, fires, floods, or other similar cause wholly beyond the Vendor's control, or for any of the foregoing that third party suppliers if no alternate source of supply is available to the Vendor.

3.16 PARTS

Bidders and/or Vendors, as applicable, may include parts pricing sheet with the bid submission or following award. Parts are listed as a separate item group and will be listed by Vendor. Bidders and/or Vendors, as applicable, may use the template offered in the bid system. Items listed below are required for the pricing sheet:

- Category.

3.17 PURCHASE ORDERS

To initiate a purchase, a Purchase Order must be issued to the Vendor, which includes:

- FSA CPP contract title and number;
- FSA CPP item number;
- Make and model or item description; and
- Purchaser name, phone number and email address.

The Vendor's acceptance of a purchaser's order will indicate that the Vendor agrees to deliver an awarded item that will be fully compatible with all of its options. Production schedules and delivery dates should be discussed at the time the quote is provided to the purchaser, or if no quote is provided, when the Purchase Order is delivered to the Vendor. Vendor shall place the order with the Manufacturer within ten (10) business days of receipt of the Purchase Order. The Vendor shall ensure that all orders are placed in full compliance with the specifications and the Terms and Conditions of the Contract and the Purchase Order. Any changes that are required to bring an item into compliance with the various options due to an incorrect order will be accomplished at the Vendor's expense.

The Vendor should supply a Confirmation of Order to the purchaser and FSA CPP fifteen (15) calendar days from receipt of Purchase Order without request by the purchaser. Any additional information needed to complete this form should be obtained by the Vendor from the purchaser.

While it is recommended that a purchaser from the zone which is closest to their location, it is not mandatory to do so. If the purchaser determines that a Vendor in another zone can better serve their needs, the purchaser may order from a Vendor in another zone. Vendors that provide awarded items outside of an awarded zone may upon mutual agreement between the Vendor and the purchaser charge a delivery fee.

If a Vendor receives a Purchase Order for an item for which they were not awarded, the Vendor must notify the purchaser and return the Purchase Order to the purchaser within three (3) business days.

The Vendor must submit electronic copies of Purchase Orders within fifteen (15) calendar days of the Purchase Order issue date. Purchase Orders should be submitted through the reporting tool provided by FSA CPP. Purchase Orders received by the Vendor after this deadline must be submitted to FSA CPP as soon as possible with the date received by the Vendor and cause for the delay. Purchase Orders should contain the following required information:

- Purchaser name,
- Purchase Order number,
- Purchase Order issue date,
- FSA CPP contract title and number,
- Item number,
- Item make and model, or item description,
- Item price,
- Options by item, and

Purchase Orders vary in format and information provided. If a Purchase Order does not include the required information, the Vendor must submit supplemental documentation to FSA CPP at the same time the Purchase Order is due. Such information may be in bid quotes, equipment proposals, confirmation of orders, or other documents. If a purchaser does not use Purchase Orders, written communication from the purchaser to the Vendor will be provided to FSA CPP.

3.18 REGISTRATION, TAG, AND TITLE

Title items shall be the responsibility of the Vendor. If the purchaser is a government agency, the purchaser has the right to choose to register and title the item. Costs of registration, tag and title shall not exceed the statutory rates.

3.19 DELIVERY

Vendors are to inspect the item to confirm the item meets or exceeds the FSA Base Specifications, Manufacturer specification, and purchase order. Deliveries not complying with these requirements may be rejected and will have to be redelivered at Vendor's expense.

Delivery shall be within the normal working hours of the user, Monday through Friday, excluding holidays. Delivery schedules shall be agreed to by the purchaser and the Vendor. Vendor shall notify the purchaser no less than twenty-four (24) hours prior to delivery of the time and location, which shall reflect the mutually agreed upon delivery details. The Vendor shall be responsible for delivering items that are properly serviced, clean and in first class operating condition. Items shall be delivered with each of the following documents completed or included:

1. Copy of the Purchase Order.
2. Copy of the FSA Base Specifications.

7. Registration, tag and title or an application for the registration, as applicable

All items with fuel tanks of thirty-five (35) gallons or less must contain no less than one quarter (1/4) tank of fuel as indicated by the fuel gauge at the time of delivery. For items that have more than thirty-five (35) gallons, a minimum of one eighth (1/8) of a tank of fuel must be provided. All electric vehicles must be delivered with a minimum charge level of 10 percent. The purchaser has the option to reject a vehicle with more than 350 odometer miles or may deduct $0.51 cents per mile in excess of 350 miles from the invoice, unless distance above 350 miles was previously approved by the purchaser. Deliveries of less than 350 miles may be accomplished by driving the vehicle, or via transport to be negotiated upon mutual agreement between the Vendor and the Purchaser. Any delivery accomplished by driving the vehicle must be supervised and the driver must comply with Manufacturer's break-in requirements and all applicable traffic laws. Any delivery accomplished by driving a pursuit-rated vehicle must use an "OUT OF SERVICE" cover on light bars. Deliveries in excess of 350 miles shall be made by transport, or otherwise approved by the purchaser, however, this requirement shall not apply to incomplete chassis.

Items with hour meters must be delivered with fewer than five (5) hours on the hour meter or may be rejected by the purchaser. The purchaser may choose to negotiate a lower purchase price when the item exceeds five (5) hours.

When items require service or adjustments upon delivery, the Vendor shall either remedy the defect, or be responsible for reimbursing the Manufacturer's local authorized representative or other service provider to remedy the defect. Such service or adjustments shall be initiated by the Vendor within 48 hours after notification by a purchaser, not to include weekends and holidays. Delivery will not be considered complete until all services or adjustments are satisfactory, and the item is redelivered or repaired. The cost of any transportation required to address the defect shall be the responsibility of the Vendor until the items are satisfactory and accepted by the purchaser.

3.20 INSPECTION AND ACCEPTANCE

Final acceptance shall be given only after the purchaser inspects or confirms the item meets Contract specifications. Delivery of an item to a purchaser does not constitute acceptance for the purpose of payment. Inspection and acceptance will be at the purchaser's destination unless otherwise previously agreed upon location was provided in the Purchase Order. Should the delivered items differ in any respect from the FSA Base Specifications, payment can be withheld until such time as the Vendor completes the necessary corrective action.

3.21 INVOICING AND PAYMENTS

Invoicing and payments shall be the responsibility of the Vendor and purchaser placing orders using this Contract. Vendors must invoice each purchaser independently. The Vendor shall be paid upon submission of invoices to the purchaser after satisfactory delivery and acceptance of the items. While the Local Government Prompt Payment Act applies to ensure timely payment of Vendor invoices, the FSA CPP encourages purchasers to make payment within thirty (30) days of acceptance of the item. The Local Government Prompt Payment Act is defined in Sections 218.70–218.79, *Florida Statutes*.

3.22 WARRANTY

All warranties shall begin at the time of delivery and final acceptance by the purchaser. The purchaser's warranty should not be active for incomplete items and items delivered to a third-party supplier before final delivery.

3.23 QUARTERLY REPORTS

Quarterly reports are the contractual responsibility of each Vendor. Quarterly reports must be completed and submitted electronically. The quarterly report template shall be submitted using the tool provided by FSA CPP. Quarterly reports which do not adhere to the required format or are not complete of all Purchase Orders received and/or deliveries made during the quarter will be returned to the reporting Vendor for correction.

Quarterly reports are due no later than the 15th day of the month following the end of the quarter. Quarterly reports shall follow the schedule below for the duration of the Contract. If a Contract extension is executed, the quarterly reports will maintain the same schedule for future reporting periods.

Contract Years: October 1, 2025 – September 30, 2027

Year 1 Quarter 1:	October 1 – December 31	Q1 Report Due:	January 15
Year 1 Quarter 2:	January 1 – March 31	Q2 Report Due:	April 15
Year 1 Quarter 3:	April 1 – June 30	Q3 Report Due:	July 15
Year 1 Quarter 4:	July 1 – September 30	Q4 Report Due:	October 15
Year 2 Quarter 1:	October 1 – December 31	Q1 Report Due:	January 15
Year 2 Quarter 2:	January 1 – March 31	Q2 Report Due:	April 15
Year 2 Quarter 3:	April 1 – June 30	Q3 Report Due:	July 15
Year 2 Quarter 4:	July 1 – September 30	Q4 Report Due:	October 15

Quarterly reports must be submitted even if there are no sales or no deliveries in a quarter. If a Vendor has no sales within a quarter, the Vendor shall indicate "No sales this quarter" or "No deliveries this quarter" to FSA CPP by e-mail to Reports@flsheriffs.org.

FSA CPP reserves the right to modify the procedure for submitting quarterly reports during the term of the Contract. Such a change shall not materially modify the substance of the information to be reported but may change the method by which future quarterly reports are to be submitted. In the event of such a change, FSA CPP will provide written notice to all Vendors of the method by which future quarterly reports are to be submitted.

3.24 ADMINISTRATIVE FEE

The FSA CPP charges three quarters of one percent (.0075) to procure, process and administer the Contract. Payment of the administrative fees to the FSA CPP are the contractual responsibility of each awarded Vendor.

After receipt of payment from contract purchases, the Vendor shall remit all administrative fees to the FSA CPP no later than fifteen (15) calendar days after the end of each quarter. All fees payable to the FSA CPP during any given quarter will be accompanied and supported by a quarterly report.

The administrative fee will remain payable to FSA CPP and no relief from payment of the administrative fee, nor any additional charge to recoup the administrative fee, will be permitted if a Vendor fails to incorporate the

administrative fee in its bid pricing. The administrative fee should never be listed as a separate line item on any Purchase Order or invoice.

The administrative fee is based on the total Purchase Order amount of new items. This fee excludes any value given to purchasers for trade-ins. Trade-ins, extended warranties and other exchanges will not reduce or impact the fee calculation.

The ACH form for electronic payment or wiring of funds is included in Appendix C. It is the preference of FSA CPP that all payments be electronically paid and submitted. If ACH is not available, checks for the administrative fee can be sent to:

Florida Sheriffs Association
Cooperative Purchasing Program
2617 Mahan Drive
Tallahassee, FL 32308

3.25 LIQUIDATED DAMAGES

The Vendor warrants that the item supplied to the purchaser shall conform in all respects to the standards set forth in the applicable FSA Base Specifications and the failure to comply with this condition will be considered as a breach of Contract. Any liquidated damages levied because of inadequacies or failures to comply with these requirements shall be borne solely by the Vendor responsible for same.

Failure to submit the administrative fee with accompanying quarterly reports to FSA CPP within fifteen (15) calendar days following the end of each quarter may result in the imposition of liquidated damages. Vendors failing to submit administrative fees and/or quarterly reports will incur liquidated damages in the amount of $25.00 for each calendar day that fees and reports are past due, beginning on the 16th day following the end of the quarter.

If a civil action is initiated by the FSA to recover administrative fees or liquidated damages as set forth in this section, the prevailing party shall be entitled to its reasonable attorneys' fees and costs incurred in the litigation. The venue shall lie in the Circuit Court for the Second Judicial Circuit in and for Leon County, Florida.

When quarterly reports are late, liquidated damages are to be included in Vendor's Quarterly Report and administrative fee submission. Liquidated damages that remain unpaid beyond forty-five (45) calendar days can result in FSA CPP, at its sole discretion, implementing contract compliance actions, including but not limited to, suspension, limited participation by specifications or zones, disqualification from future solicitations, or termination of this Contract for cause pursuant to the Terms and Conditions.

Schedule of Liquidated Damages

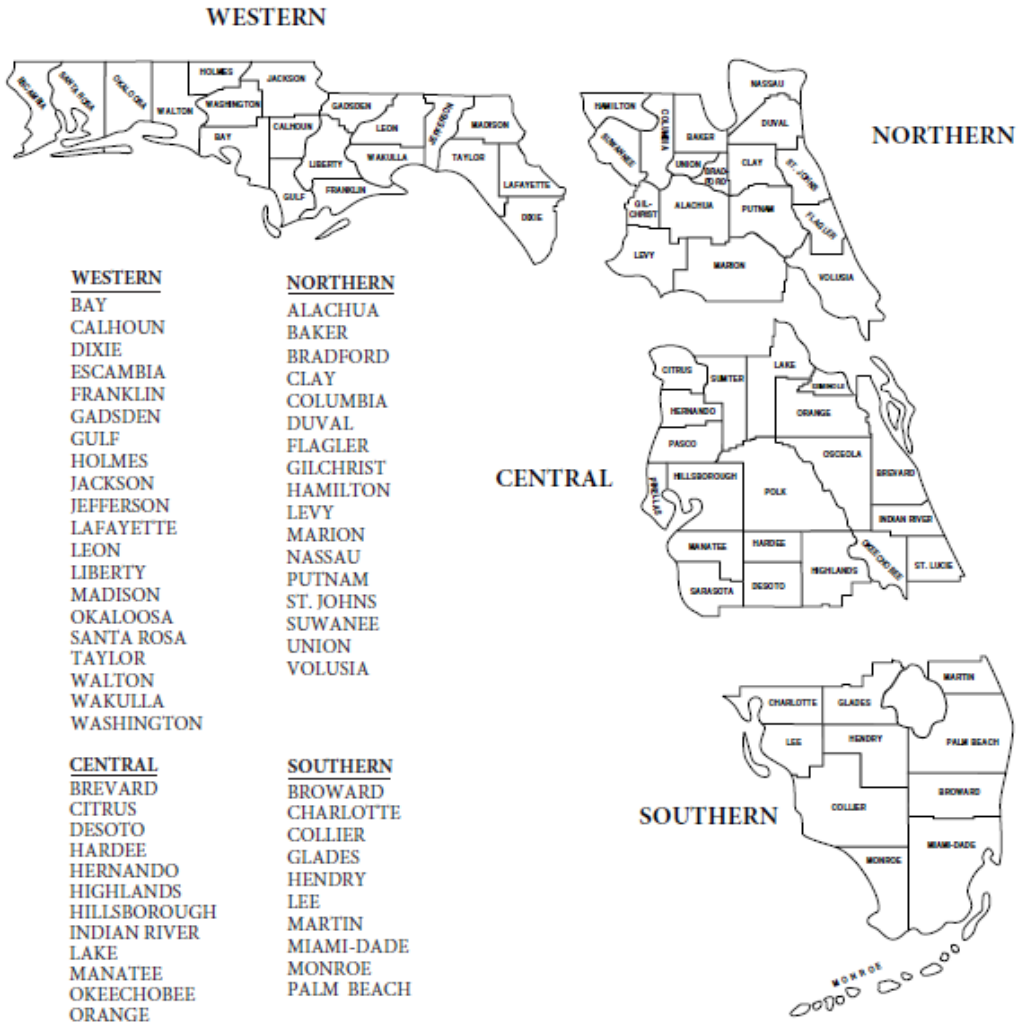

Failure to submit quarterly report on time	$25.00 per calendar day
Failure to submit administrative fee on time	$25.00 per calendar day
Failure to report a Purchase Order to FSA CPP within 15 calendar days of the Purchase Order issue date	$100.00 per Purchase Order
Failure to Report Sales	.0075 of the sales price plus 1.5% each month following the delivery date.

Vendor agrees and acknowledges that its failure to take any of the actions specified in the above schedule will result in liquidated damages to this Contract. Vendor agrees and acknowledges that these liquidated damages are not

intended to be and do not constitute a penalty and that these amounts are reasonably calculated to compensate the FSA CPP for the damages that it will incur as a result of the Vendor's failure to take the specified actions.

In accordance with the statute, contractors must be required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination made by the Secretary of Labor. In addition, contractors must be required to pay wages not less than once a week. The non-Federal entity must place a copy of the current prevailing wage determination issued by the Department of Labor in each solicitation. The decision to award a contract or subcontract must be conditioned upon the acceptance of the wage determination. The non-Federal entity must report all suspected or reported violations to the Federal awarding agency. The contracts must also include a provision for compliance with the Copeland "Anti-Kickback" Act (40 U.S.C. 3145), as supplemented by Department of Labor regulations (29 C.F.R. Part 3, "Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States"). The Act provides that each contractor or subrecipient must be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he or she is otherwise entitled. The non-Federal entity must report all suspected or reported violations to the Federal awarding agency. Vendors performing construction must comply with all applicable provisions of the Davis-Bacon Act and include this clause in all lower-tier subcontracts for construction.

CONTRACT WORK HOURS AND SAFETY STANDARDS ACT (40 U.S.C., chapter 37): Vendor shall comply with Sections 102 and 107 of the Contract Work Hours and Safety Standards Act (40 U.S.C., chapter 37), as supplemented by Department of Labor regulations (29 C.F.R. part 5).
(a) Overtime requirements. Neither Vendor nor any contractor or subcontractor contracting for any part of the purchase order work which may require or involve the employment of laborers or mechanics shall require or permit any such laborer or mechanic in any workweek in which he or she is employed on such work to work in excess of forty hours in such workweek unless such laborer or mechanic receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of forty hours in such workweek.
(b) Violation; liability for unpaid wages; liquidated damages. In the event of any violation of the clause set forth in Paragraph 15(a), Vendor and any subcontractor responsible therefor shall be liable for the unpaid wages. In addition, Vendor or such subcontractor shall be liable to the United States (in the case of work done under the Contract for the District of Columbia or a territory, to such District or to such territory), for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or mechanic, including watchmen and guards, employed in violation of the clause set forth in Paragraph 15(a), in the sum of $29 for each calendar day on which such individual was required or permitted to work in excess of the standard workweek of forty hours without payment of the overtime wages required by the clause set forth in Paragraph 15(a) of this section.
(c) Withholding for unpaid wages and liquidated damages. Purchaser shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld, from any moneys payable on account of work performed by Vendor or a subcontractor under the purchase order or any other Federal contract with Purchaser, or any other federally-assisted contract subject to the Contract Work Hours and Safety Standards Act, which is held by Purchaser, such sums as may be determined to be necessary to satisfy any liabilities of Vendor or its subcontractor for unpaid wages and liquidated damages as provided in the clause set forth in Paragraph (a).
(d) Subcontracts. Vendor shall insert in any subcontracts over $100,000 for construction and other purposes that involve the employment of mechanics or laborers, the clauses set forth in Paragraphs (a) through (d) and also a clause requiring the subcontractors to include these clauses in any lower-tier subcontracts.

RIGHTS TO INVENTIONS MADE UNDER A CONTRACT OR AGREEMENT: If the Federal award meets the definition of "funding agreement" under 37 C.F.R. § 401.2 (a) and the recipient or subrecipient wishes to enter into a contract with a small business firm or nonprofit organization regarding the substitution of parties, assignment or performance of experimental, developmental, or research work under that "funding agreement," the recipient or subrecipient must comply with the requirements of 37 C.F.R. Part 401, "Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements," and any implementing regulations issued by the awarding agency. Vendor shall comply with these requirements when performing a purchase order involving experimental, developmental or research work and flowdown this clause to lower-tier subcontractors performing such work.

CLEAN AIR ACT (42 U.S.C. 7401 *et seq.*) and the FEDERAL WATER POLLUTION CONTROL ACT (33 U.S.C. 1251 *et seq.*), as amended: Vendor agrees to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act (42 U.S.C. 7401 *et seq.*) and the Federal Water Pollution Control Act as amended (33 U.S.C. 1251 *et seq.*). Violations shall be reported to the Federal awarding agency and the Regional Office of the Environmental Protection Agency (EPA). Vendor shall comply with the requirements of Clean Air Act and the Federal Water Pollution Control Act and include this clause in all lower-tier subcontracts with a value over $150,000.

DEBARMENT AND SUSPENSION (E.O.s 12549 and 12689): By accepting or performing this purchase order, Vendor certifies that it is not identified in the Exclusions area of the System for Award Management as being currently debarred, suspended, proposed for debarment, or otherwise excluded ("SAM Exclusion"). Vendor shall obtain similar certifications from its lower-tier subcontractors for each subcontract in excess of $25,000 and Vendor shall not award lower-tier subcontracts in excess of $25,000 to an entity subject to a SAM Exclusion.

LOBBYING RESTRICTIONS (31 U.S.C. 1352): By accepting or performing this purchase order, Vendor certifies that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any Federal contract, grant or any other award covered by 31 U.S.C. 1352. Vendor shall also disclose to Purchaser any lobbying with non-Federal funds that takes place in connection with obtaining any Federal award or contract. Vendor shall flow down this clause and require this certification for lower-tier subcontractors with a subcontract of $100,000 or more. Vendor shall provide its disclosure and all disclosures received from lower-tier subcontractors to Purchaser.

PROCUREMENT OF RECOVERED MATERIALS: A non-Federal entity that is a state agency or agency of a political subdivision of a state and its contractors must comply with section 6002 of the Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act. The requirements of Section 6002 include procuring only items designated in guidelines of the Environmental Protection Agency ("EPA") at 40 C.F.R. part 247 that contain the highest percentage of recovered materials practicable, consistent with maintaining a satisfactory level of competition, where the purchase price of the item exceeds $10,000 or the value of the quantity acquired during the preceding fiscal year exceeded $10,000; procuring solid waste management services in a manner that maximizes energy and resource recovery; and establishing an affirmative procurement program for procurement of recovered materials identified in the EPA guidelines. Vendor shall comply with this clause and include this clause in all lower-tier subcontracts.

(a) Recipients and subrecipients are prohibited from obligating or expending loan or grant funds to:

(1) Procure or obtain;

(2) Extend or renew a contract to procure or obtain; or

component of any system, or as critical technology as part of any system. As described in Public Law 115-232, section 889, covered telecommunications equipment is telecommunications equipment produced by Huawei Technologies Company or ZTE Corporation (or any subsidiary or affiliate of such entities).

(i) For the purpose of public safety, security of government facilities, physical security surveillance of critical infrastructure, and other national security purposes, video surveillance and telecommunications equipment produced by Hytera Communications Corporation, Hangzhou Hikvision Digital Technology Company, or Dahua Technology Company (or any subsidiary or affiliate of such entities).

(ii) Telecommunications or video surveillance services provided by such entities or using such equipment.

(iii) Telecommunications or video surveillance equipment or services produced or provided by an entity that the Secretary of Defense, in consultation with the Director of the National Intelligence or the Director of the Federal Bureau of Investigation, reasonably believes to be an entity owned or controlled by, or otherwise connected to, the government of a covered foreign country.

(b) In implementing the prohibition under Public Law 115-232, section 889, subsection (f), paragraph (1), heads of executive agencies administering loan, grant, or subsidy programs shall prioritize available funding and technical support to assist affected businesses, institutions and organizations as is reasonably necessary for those affected entities to transition from covered communications equipment and services, to procure replacement equipment and services, and to ensure that communications service to users and customers is sustained.
(c) See Public Law 115-232, section 889 for additional information.

DOMESTIC PREFERENCES FOR PROCUREMENTS:
(a) As appropriate and to the extent consistent with law, the non-Federal entity should, to the greatest extent practicable under a Federal award, provide a preference for the purchase, acquisition, or use of goods, products, or materials produced in the United States (including but not limited to iron, aluminum, steel, cement, and other manufactured products). Vendor agrees to comply with the requirements of this clause and include the requirements of this clause in all subawards including all contracts and purchase orders for work or products under this award.
(b) For purposes of this section:

(1) “Produced in the United States” means, for iron and steel products, that all manufacturing processes, from the initial melting stage through the application of coatings, occurred in the United States.

(2) “Manufactured products” means items and construction materials composed in whole or in part of non-ferrous metals such as aluminum; plastics and polymer-based products such as polyvinyl chloride pipe; aggregates such as concrete; glass, including optical fiber; and lumber.

CITY OF MIAMI SPRINGS PLANNING DEPARTMENT

STAFF REPORT

TO	Board of Adjustment / City Council
FROM	Josh Nogareda, Senior Planner Calvin, Giordano & Associates, Inc. Planning Consultant
CC:	Silvia Vargas, FAICP, Planning Administrator City Manager, City Attorney
DATE OF HEARING(S)	August 10, 2026
SUBJECT	Variance Application for Front Yard Setback Reduction

Case Number(s)	02-V-26
Applicant(s)	Raul & Ibis Cruz-Alvarez ("Applicant")
Address	381 Deer Run ("Property")
Folio Number(s)	05-3119-010-2200
Zoning	R-1A Single-Family Residential
Lot Size	11,400 Sq.Ft

Summary of Request

The Applicant requests approval of a variance from the required 30-foot front yard setback to allow the construction of an attached covered carport canopy at the property located at 381 Deer Run, within the R-1A Single-Family Residential District.

According to the boundary survey prepared by Eduardo M. Suarez, PSM, dated October 23, 2025, the existing principal structure is located approximately 32.5 feet from the front property line and is therefore compliant with the minimum required 30-foot front yard setback under Sec. 150-041(D). The subject property currently complies with the minimum front yard setback requirement.

The Applicant proposes to construct an attached aluminum covered structure. Although erroneously identified on the plans as "Terrace 2," the structure is intended to function as a carport. The proposed structure measures 24 feet by 19 feet, for a total

area of approximately 456 square feet. Because the structure is proposed to be attached to the principal residence, it is required to comply with the same front yard setback requirements applicable to the principal structure.

The proposed extension would encroach approximately 22 feet into the required 30-foot front yard setback, leaving the front edge of the structure located approximately 8'-0" at its closest point from the front property line. As proposed, the carport would be located substantially within the required front yard setback, necessitating approval of the requested variance.

The plans also identify a separate proposed driveway improvement. The requested variance is limited solely to the front yard setback relief for the proposed attached carport structure. Any driveway work shall be reviewed separately at time of permitting for compliance with Sec. 150-016 and all other applicable Code requirements.

Property Description and Variance Context

The subject property is located within the R-1A Single-Family Residential District, fronts approximately 75 feet on Deer Run, and has an average depth ranging from approximately 146 feet to 158 feet, for a total lot area of approximately 11,400 square feet. The property is developed with a one-story single-family residence of approximately 2,158 square feet, an existing swimming pool, and related residential improvements, as reflected on the boundary survey prepared by Eduardo M. Suarez, PSM, dated October 23, 2025.

The property is situated directly across from the Miami Springs Golf & Country Club, which provides a contextual basis for the Applicant's request. According to the Letter of Intent, golf ball impacts from the golf course have allegedly resulted in vehicle damage and safety concerns, and the proposed covered structure is intended to provide vehicle protection.

The Applicant proposes to construct an attached covered aluminum carport structure, along the front façade of the existing residence. The proposed structure measuring approximately 24 feet by 19 feet, would be attached to the principal building, therefore it must comply with the front yard setback requirements applicable to the principal structure pursuant to Section 150-041(D) of the City Code.

While the existing residence is located approximately 32.5 feet from the front property line and complies with the required 30-foot front yard setback, the proposed attached structure would reduce the front setback to approximately 8'-0" at the closest point from the property line, resulting in an encroachment of approximately 22 feet into the required front yard.

Summary of Request

Request	Request for a variance from Section 150-041(D) of the City Code to reduce the required front yard setback from a minimum of 30 feet to approximately 8 feet to allow construction of an attached covered aluminum carport structure measuring 24 feet by 19 feet (approximately 456 square feet).
Existing Condition	The existing principal structure is located approximately 32.5 feet from the front property line and complies with the minimum required 30-foot front yard setback.

Required Condition	Pursuant to Section 150-041(D) of the City Code, principal structures within the R-1A Single-Family Residential District are required to maintain a minimum 30-foot front yard setback.
Proposed Condition	Proposed attached covered carport structure located approximately 8'-0" from the front property line, resulting in an encroachment of approximately 22 feet into the required front yard setback established under Section 150-041(D) of the City Code.

Applicant's Rationale

The subject property is located directly across Deer Run from the Miami Springs Golf & Country Club. The Applicant's Letter of Intent alleges that golf balls originating from the golf course have impacted the front yard and driveway areas of the property and resulted in vehicle damage and safety concerns for residents and visitors. Note: No hard evidence has been provided of the claimed damages.

The Applicant states that the proposed attached covered carport structure is intended to provide overhead protection for vehicles and occupants utilizing the front driveway area. The Applicant further states that the structure must be attached to the principal residence and located within the front yard area in order to function as intended and asserts that no reasonable alternative location exists on the property that would accommodate the structure while maintaining compliance with the required front yard setback established under Section 150-041(D) of the City Code.

Zoning Compliance Analysis

Commented [SV1]: Review and confirm all dimensions/calculations are for subject property

The following analysis summarizes conditions of compliance for the existing and proposed development.

Relevant Zoning Standard	Required / Permitted	Existing (approx. as calculated by Staff)	Proposed (approx. as calculated by Staff)
Lot Coverage (Max)	40%	approximately 30.4%	35.2 %
Rear Yard Coverage (Max)	15% of 1,850 sq. ft. rear yard area = 277 sq. ft. maximum permitted	Existing gazebo/pergola: 300 sq. ft., representing approximately 16% of the rear yard area	No change proposed.
Landscaped Pervious Area (Min)	30% of 11,400 sq. ft. lot area = 3,420 sq. ft.	Approximately 7,846 sq. ft. (69.6%)	Approximately 7,846 sq. ft. (69.6%). Note: Proposed

	minimum required		driveway subject to separate permit review and final compliance verification.
Front Setback (Min)	Pursuant to Sec. 150-041(D) (30 ft minimum or average front yard depth of contiguous lots, as applicable)	32.5 ft	**+/- 8'-0"**
Side Setback (Min)	10% of lot width pursuant to Sec. 150-041(E)(1) (minimum required setback = 7.5 ft based on 75-ft lot width) For principal and accessory structures	East side: approximately 7.5 ft West side: approximately 11.3 ft	East side setback: 7.60 ft. The proposed carport complies with the required 7.5-ft side setback. The roof/eave overhang encroaches 30 inches into the required side setback area, which is the maximum encroachment permitted under Sec. 150-002(C)(87)(a).
Rear Setback (Min)	25 ft (principal) 5 ft (accessory)	25ft	25 ft (principal) 9.6 ft (accessory)

Variance Criteria Analysis

The City of Miami Springs' Zoning Code provides property owners with the ability to request a variance from certain types of dimensional requirements when practical difficulties may create unnecessary hardships in the process of implementing the strict letter of Chapter 150 of the Code. Pursuant to Section 150-111, the following criteria shall

be considered in the evaluation of a variance request. In its determination of what shall constitute such hardship, the Board shall not be bound by financial considerations affecting the applicant.

Criterion No. 1. The granting of the variance will not be contrary to the public interest where, owing to special conditions, a literal enforcement of the provision of the chapter will result in unnecessary hardship, and the spirit of the chapter shall be observed, and substantial justice done.

Applicant Justification:

"Our property is directly adjacent to Hole 5 of the Miami Springs Golf Course."

"Golf balls routinely land on our front lawn and driveway, causing repeated damage to our vehicles and creating a significant safety hazard for our family, particularly our young grandchildren."

"The inability to safely utilize our front yard for recreational purposes constitutes a hardship that is specific to our lot and not shared by other nearby properties."

"The strict application of the zoning regulations imposes a significant and unique hardship."

"The spirit of the Code will be upheld, and substantial justice will be served by granting relief under these unique circumstances."

Staff Analysis:
The subject property is located directly across Deer Run from the Miami Springs Golf & Country Club, and staff acknowledge the concerns identified by the Applicant regarding alleged golf ball impacts within the front yard and driveway areas of the property. However, pursuant to Section 150-111, variance relief is intended to address practical difficulties or unnecessary hardships arising from special conditions associated with the property itself and not circumstances that are primarily external in nature.

While the Applicant asserts that the proposed covered structure is necessary to provide vehicle and occupant protection, the record does not demonstrate that the property is otherwise incapable of reasonable residential use absent the requested variance. The existing principal residence presently complies with the required front yard setback established under Section 150-041(D), and the property remains developed and functional as a conforming single-family residential lot.

Staff further notes that the requested relief would reduce the required 30-foot front yard setback to approximately 8'-0", representing a substantial deviation from the established front setback standard applicable within the R-1A district. The requested encroachment would place the proposed structure substantially

within the required front yard setback, creating a departure from the prevailing setback relationship that defines the block's streetscape.

Accordingly, while staff acknowledges the concerns raised by the Applicant, staff finds that the evidence presented does not sufficiently establish the type of property-based hardship contemplated under Section 150-111 to justify the extent of the requested variance relief.

Determination regarding Criterion No 1: **Not met.**

Criterion No. 2. The variance shall not constitute any change in the districts shown on the zoning map.

Applicant Justification:

"Approval of this variance will not result in any change to the existing zoning classification or use of the property."

"The lot will remain in full compliance with all other zoning requirements for the R-1A district."

Staff Analysis:

The requested variance relates solely to dimensional setback relief for an accessory carport structure attached to a single-family residence. Granting the request would not modify the zoning district boundary, zoning classification, or the zoning map designation applicable to the property.

Determination regarding Criterion No 2: **Met.**

Criterion No. 3. The variance shall not impair an adequate supply of light and air to adjacent property or materially increase the danger of fire.

Applicant Justification:

"The proposed structure will not impair light, air, or privacy of adjacent properties."

"The design will be compatible with the scale and appearance of nearby homes."

"There will be no obstruction to visibility or traffic flow."

Staff Analysis:

The requested variance relates to the front yard setback along Deer Run, rather than separation between buildings along a side yard line. A covered carport structure located closer to the front property line may alter both the visual openness typically provided by the required front setback and the prevailing streetscape character; however, the front yard requirement is not primarily intended as a light-and-air separation standard between principal structures in the same manner as side yard setbacks.

With respect to fire safety, structural separation and construction standards are evaluated and enforced through compliance with the Florida Building Code and applicable permitting requirements.

Determination regarding Criterion No 3: **Met.**

Criterion No. 4. The variance shall not materially diminish or impair established property values within the surrounding area.

Applicant Justification:

"The carport will be aesthetically consistent with the principal structure and will not diminish property values."

"On the contrary, it may contribute positively by maintaining the appearance and functionality of the residence."

Staff Analysis:

The requested variance would permit a covered structure to be located substantially within the required front yard setback area, resulting in a front setback of approximately 8'-0" where a 30-foot setback is otherwise required under Section 150-041(D) of the City Code. Staff recognizes that the extent of the requested setback reduction changes the established building line along the street and the consistent front-yard character of the block along Deer Run. There are not similarly situated front-yard carport structures within the immediate area.

Nevertheless, the proposed structure is accessory to an existing single-family residence and is proposed to be designed in a manner generally consistent with the existing residential character of the property. Additionally, the record before the Board does not include competent substantial evidence showing that approval of the requested variance would materially diminish or impair established property values within the surrounding area.

Determination regarding Criterion No 4: **Met.**

Criterion No. 5. The variance shall not in any other respect impair the public health, safety, morals, and general welfare of the City.

Applicant Justification:

"Public health, safety, and welfare will be enhanced through the protection of residents and property from ongoing damage."

"The construction of the carport would enhance safety and protect property while preserving the residential character of the neighborhood."

"Granting this variance would not be contrary to the public interest."

Staff Analysis:

The Applicant states that the proposed covered structure is intended to provide protection from alleged golf ball impacts affecting the front driveway and yard areas of the property. Staff acknowledge that safety and property protection concerns are relevant considerations under this criterion.

Based on the materials submitted, the proposed variance does not inherently create a direct impairment to public health or safety, provided the structure is permitted and constructed in compliance with all applicable building, life-safety, and zoning requirements. However, the requested reduction from the required 30-foot front yard setback to approximately 8'-0" represents a substantial deviation from the adopted setback standard of the R-1A zoning district and from the established building line that contributes to the block's existing character along Deer Run.

Nevertheless, the record before the Board does not indicate that the requested variance would, in and of itself, materially impair the public health, safety, morals, or general welfare of the City.

Determination regarding Criterion No 5: **Met**

Consistency with Comprehensive Plan

Future Land Use Element – Policy 1.1.1

"All development orders and permits for future development and redevelopment activities shall be consistent with the goals, objectives, and policies of the Comprehensive Plan and the City's Land Development Code."

Housing Element – Policy 1.2.3

"Through land development code setback/bulk standards and through implementation of drainage improvements, the City shall help assure the continuation of stable residential neighborhoods."

Staff Consistency Review

The subject property is designated within the Single-Family Residential future land use category and is developed with an existing one-story single-family residence. The proposed variance would allow an attached covered carport structure to encroach approximately 22 feet into the required front yard setback established under Sec. 150-041(D) of the City Code, resulting in a proposed front setback of approximately 8'-0".

The Comprehensive Plan emphasizes preservation of established single-family residential character and recognizes setback and bulk standards as important mechanisms for maintaining stable residential neighborhoods. While the proposed structure remains accessory to a permitted residential use, the requested reduction represents a substantial deviation from the established front setback pattern within the

R-1A district and along this block of Deer Run. Staff find that the extent of the requested encroachment may be inconsistent with Comprehensive Plan policies intended to preserve neighborhood character and established development patterns within single-family residential areas.

Staff Findings

The existing principal structure is located approximately 32.5 feet from the front property line and complies with the minimum 30-foot front yard setback required under Sec. 150-041(D) of the City Code. The proposed encroachment is introduced solely by the design, placement, and depth of the proposed attached covered carport structure.

The Applicant's stated rationale for the variance request relates to alleged golf ball impacts originating from the Miami Springs Golf & Country Club located across Deer Run, together with associated safety and property damage concerns described in the Letter of Intent. Staff acknowledge the potential validity of these concerns due to the subject property's specific location relative to the golf course, although no evidence has been submitted to substantiate the claims. Further, the circumstances described in the application are external to the physical characteristics of the property itself and are not attributable to an irregular lot configuration, exceptional topographic condition, or other inherent or unique physical characteristic of the property that would prevent reasonable compliance with the applicable setback regulations.

The record further reflects that the property currently functions as a conforming single-family residential lot and that the principal residence was developed in compliance with the applicable front setback requirements. The proposed variance request therefore arises from the desired placement and configuration of the new attached structure rather than from a demonstrated inability to reasonably utilize or develop the property in conformity with the Code. While the Applicant states that the proposed structure must be attached and located within the front yard area in order to function as intended, the application materials do not establish that literal enforcement of the required front setback would deprive the property of reasonable residential or accessory use opportunities.

Staff additionally note that the requested relief represents a substantial reduction from the established front yard standard applicable within the R-1A district. The setback reduction from 30 feet to approximately 8'-0" would place the structure substantially within the required front yard area and alter the established setback relationship along Deer Run. Although the Board may consider the contextual circumstances presented by the Applicant, the variance criteria require that hardship be evaluated in relation to conditions inherent to the property itself and not solely to external conditions or preferred site design arrangements.

Based on the record submitted and the applicable variance criteria contained in Sec. 150-111 of the City Code, staff finds that literal enforcement of the required front yard setback does not appear to create the type of unnecessary hardship contemplated by the Code, as reasonable use of the property remains available without the requested setback relief.

Recommendation

The Zoning and Planning Department staff recommends **DENIAL** of the requested variance based on the Applicant's failure to meet the hardship criterion of Sec. 150-111 of the City Code.

The subject property is a conforming residential lot within the R-1A district, with sufficient lot area and an existing principal residence that complies with the required front yard setback regulations. The requested variance arises from the proposed placement and design of the new attached covered carport structure rather than from a physical constraint or exceptional condition inherent to the property itself.

The Applicant's stated hardship relates primarily to alleged golf ball impacts originating from the Miami Springs Golf & Country Club located across Deer Run and the associated vehicle protection and safety concerns identified in the Letter of Intent. While staff acknowledge these concerns and recognize the property's contextual relationship to the golf course, the record does not demonstrate that literal enforcement of the required 30-foot front yard setback would deprive the property of reasonable residential use or otherwise create the type of unnecessary hardship contemplated under Sec. 150-111 of the City Code. The proposed encroachment represents a substantial reduction from the established front setback standard and would place the proposed structure substantially within the required front yard area along Deer Run, disrupting the established setback pattern and altering the street-facing character of the block.

If, however, the Board of Adjustment finds in favor of recommending approval of the variance request to the City Council, staff recommend incorporating the following conditions into the approving Resolution:

1. **Scope of Approval.** The variance approval shall be strictly limited to the attached covered aluminum carport structure measuring 24 feet by 19 feet, as depicted in the plans submitted with this application. This approval shall not authorize any additional expansion, enclosure, conversion to habitable space, or additional encroachment within the required front yard setback area without further City review and approval.
2. **Substantial Conformance.** The Property shall be developed in substantial conformance with the plans prepared by Victor Ceron, P.E., dated June 11, 2026, including the "Master Plan" and "Site Plan" sheets identifying the proposed

attached covered carport structure, together with the boundary survey prepared by Eduardo M. Suarez, PSM, dated October 23, 2025, except as otherwise modified by the conditions of approval. Any material deviation shall require additional City review and approval.

3. **Driveway Compliance.** The proposed driveway improvements identified on the plans shall remain subject to separate zoning and permitting review and shall comply with Sec. 150-016 and all other applicable provisions of the City Code at the time of permitting.
4. **Drainage and Runoff.** The proposed structure shall be designed and maintained so as not to adversely impact adjacent properties through increased runoff, drainage concentration, or stormwater discharge
5. **Open-Sided Structure.** The approved carport structure shall remain open-sided and shall not be enclosed, screened, converted into habitable area, or otherwise modified.
6. **All Other Standards Apply.** Except as specifically modified by the approved variance, the project shall comply with all other applicable provisions of the City Code, including but not limited to lot coverage, pervious area, building height, drainage, life-safety, building, and engineering requirements.
7. **Expiration.** Pursuant to Sec. 150-111(B)(5), the variance approval shall become null and void if a building permit is not obtained and construction commenced within one (1) year from the date of final City Council approval, unless extended in accordance with the provisions of the City Code.
8. **Noncompliance.** Failure to comply with the conditions of approval shall constitute a violation of the City Code and may result in revocation of the variance approval in addition to any other remedies available to the City under applicable law.
9. **Cost Recovery and Fees.** No building permit or certificate of occupancy shall be issued until all outstanding fees, cost recovery charges, notice expenses, and other amounts due to the City in connection with this application have been paid in full.
